
What Our Students Tell Us: Selected Results from the Student Needs & Priorities Survey

Presented to the AAMG, 6/26/06

- Student feedback: An important data source for institutional strategic planning, academic affairs planning, WASC self-study, enrollment management, and facilitating graduation.
- Selected 2006 SNAPS results that focus on students' educational experiences.
- Comparison to 1999 SNAPS results.
- What are our students telling us?

- 1999 scannable questionnaire with new supplemental questions.
- 1999 survey administration procedures: In-class administration in selected Winter term classes.
- Same sample weighting scheme--unit load and class level.
- Preliminary assumption that the 2006 weighted sample is representative of all students enrolled in Winter.

Results & Historical Comparisons

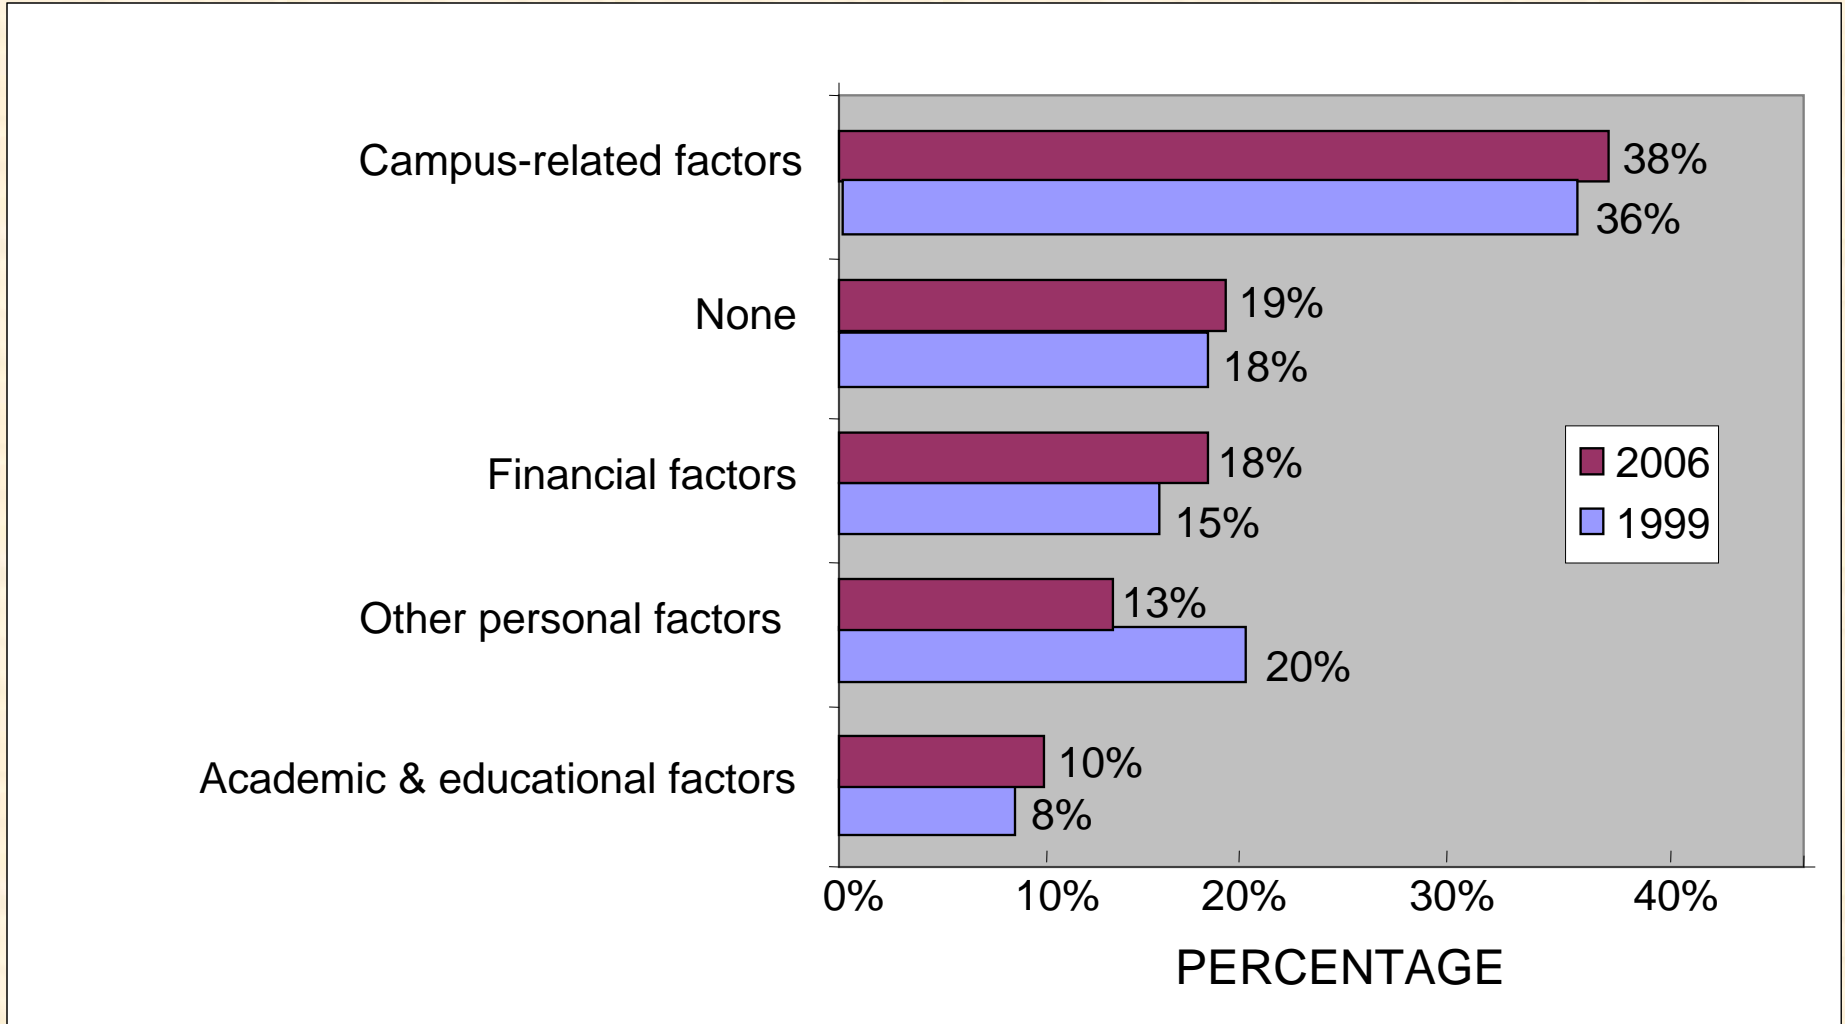

- What is the greatest obstacle to reaching your educational goals?
- What would help you reach your educational goals?
- Various student administrative items (e.g., e-mail, GET).
- Quality of instruction and course offerings.
- Importance and quality of academic advising.
- Importance and quality of students services.
- Satisfaction with the educational experience, perceived campus climate.

Results & Historical Comparisons

- What is the greatest obstacle to reaching your educational goals?
- What would help you reach your educational goals?
- Various student administrative items (e.g., e-mail, GET).
- Quality of instruction and course offerings.
- Importance and quality of academic advising.
- Importance and quality of students services.
- Satisfaction with the educational experience, perceived campus climate.

Greatest Obstacle

Results & Historical Comparisons

- What is the greatest obstacle to reaching your educational goals?
- **What would help you reach your educational goals?**
- Various student administrative items (e.g., e-mail, GET).
- Quality of instruction and course offerings.
- Importance and quality of academic advising.
- Importance and quality of students services.
- Satisfaction with the educational experience, perceived campus climate.

What would be helpful?

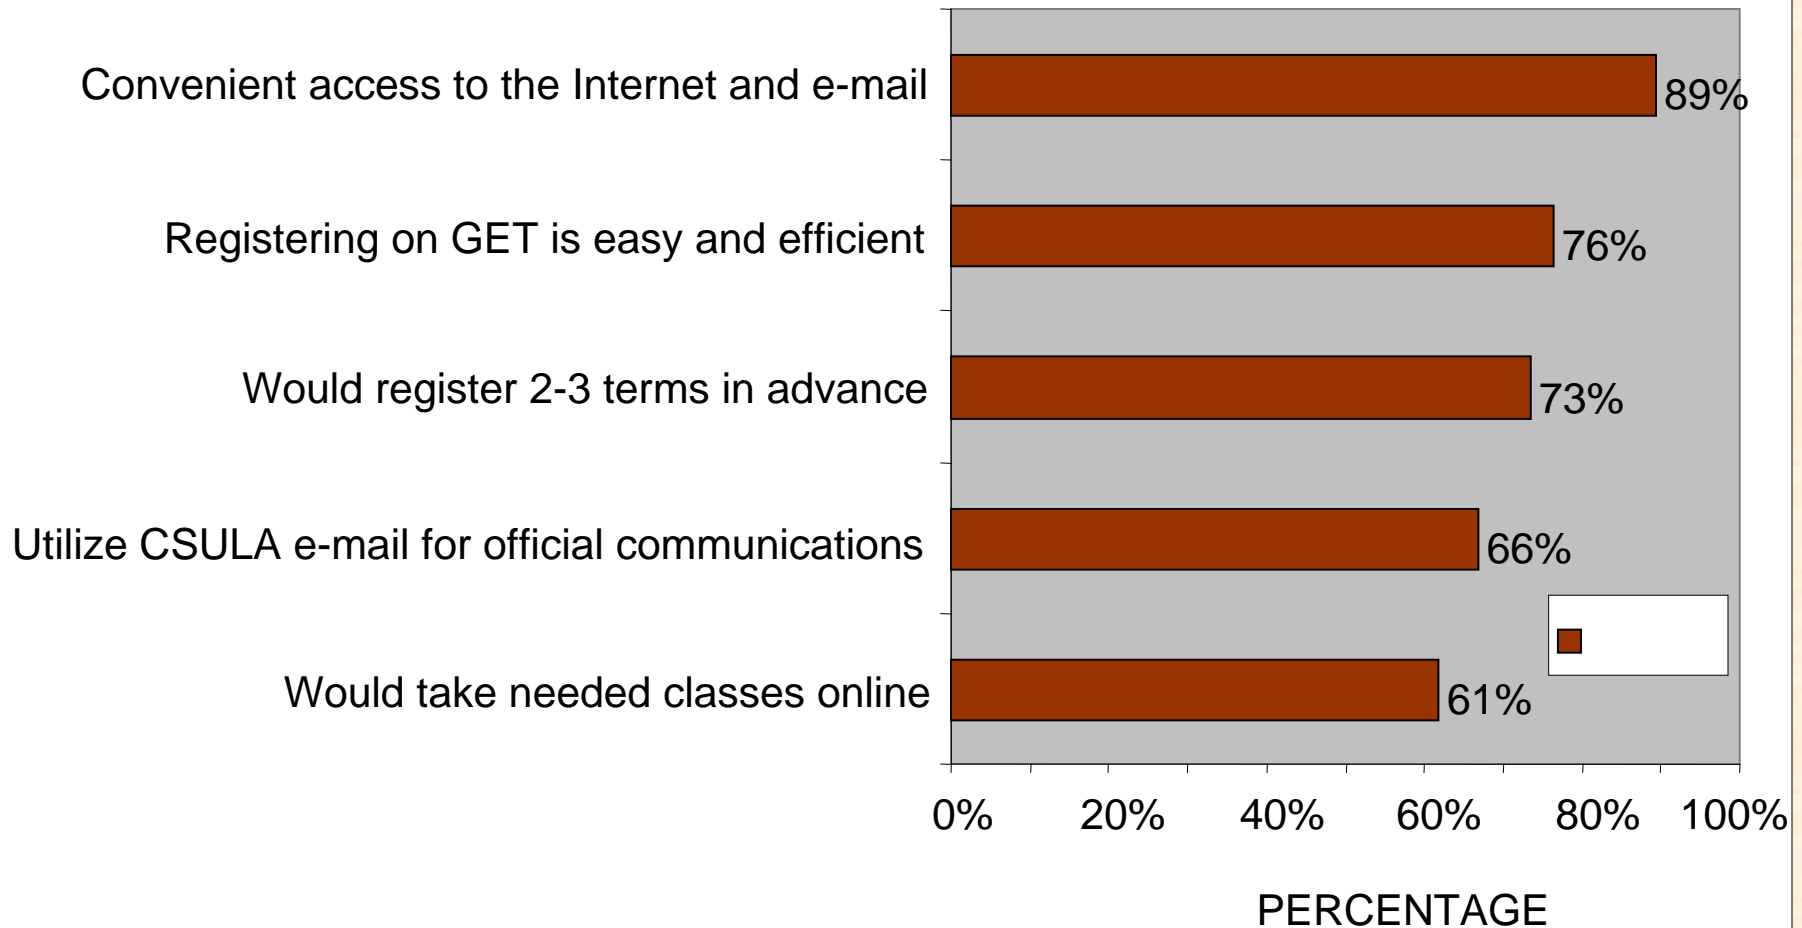

Results & Historical Comparisons

- What is the greatest obstacle to reaching your educational goals?
- What would help you reach your educational goals?
- Various student administrative items (e.g., e-mail, GET).
- Quality of instruction and course offerings.
- Importance and quality of academic advising.
- Importance and quality of students services.
- Satisfaction with the educational experience, perceived campus climate.

Student Administration

Results & Historical Comparisons

- What is the greatest obstacle to reaching your educational goals?
- What would help you reach your educational goals?
- Various student administrative items (e.g., e-mail, GET).
- **Quality of instruction and course offerings.**
- Importance and quality of academic advising.
- Importance and quality of students services.
- Satisfaction with the educational experience, perceived campus climate..

Quality of Instruction & Courses

Results & Historical Comparisons

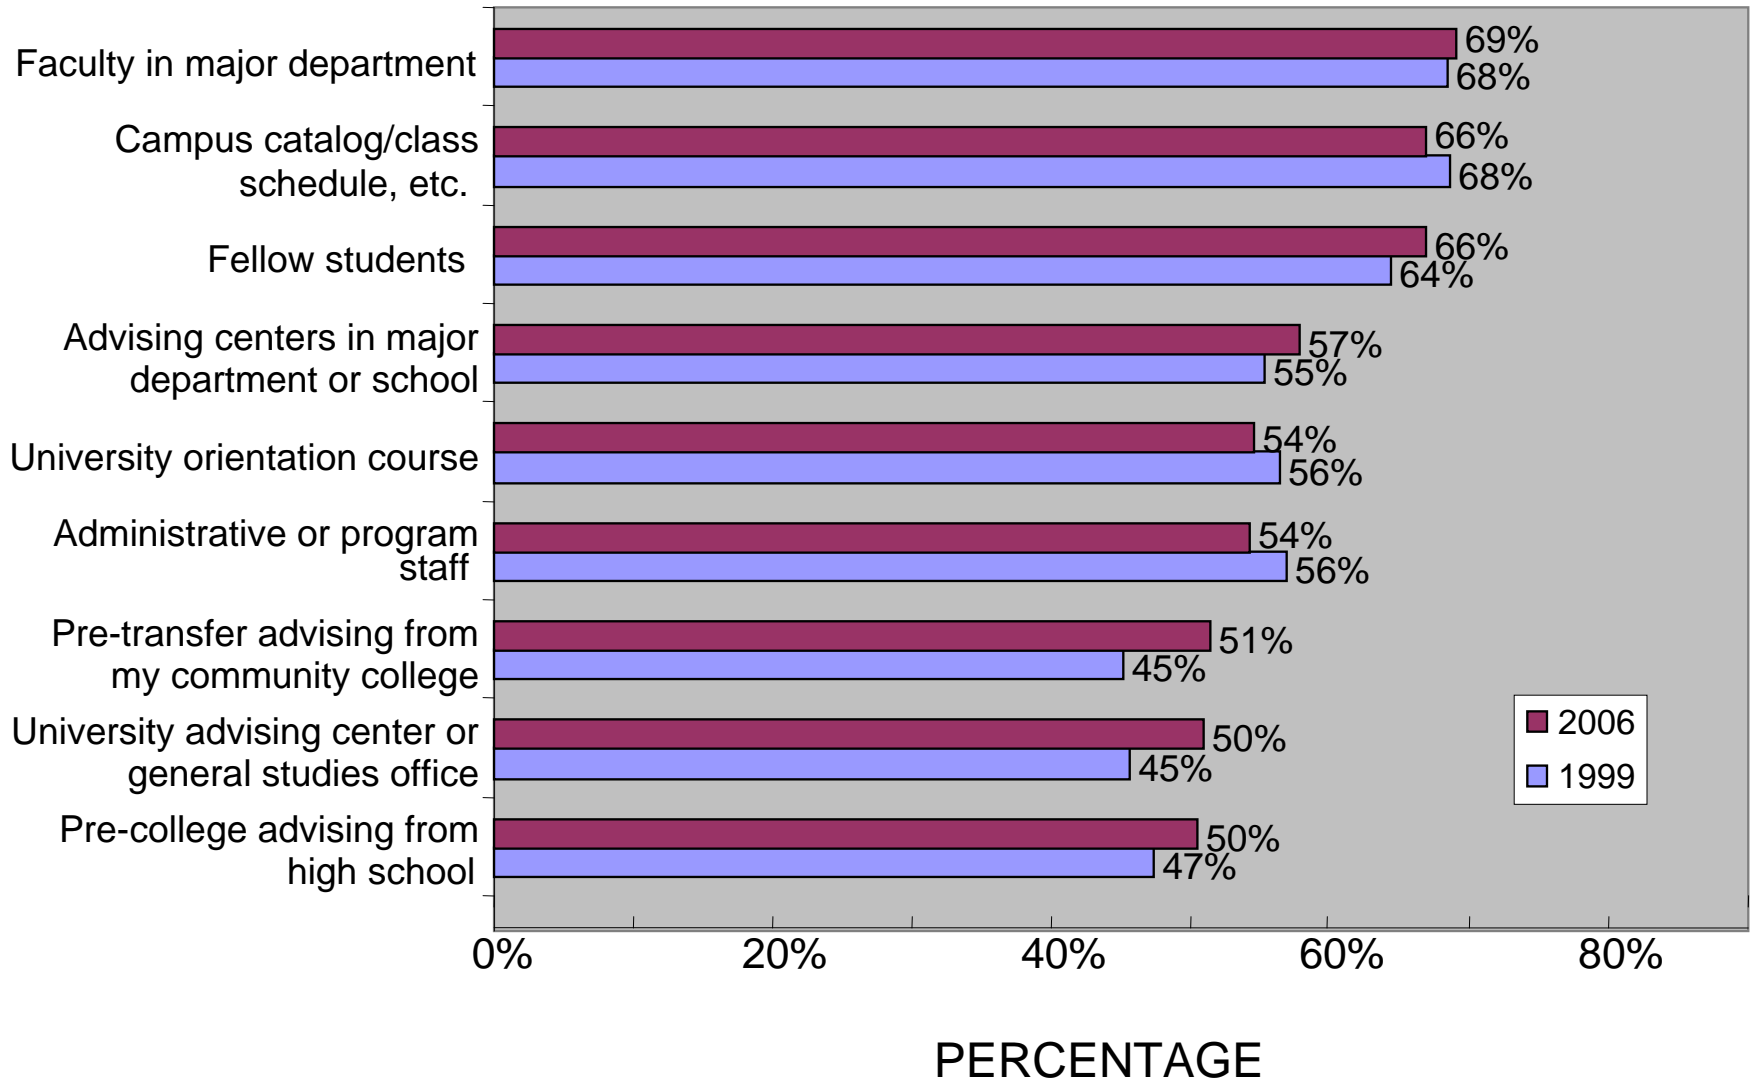

- What is the greatest obstacle to reaching your educational goals?
- What would help you reach your educational goals?
- Various student administrative items (e.g., e-mail, GET).
- Quality of instruction and the learning environment.
- Importance and quality of academic advising.
- Importance and quality of students services.
- Satisfaction with the educational experience, perceived campus climate.

Academic Advising: Importance

Academic Advising: Quality

Strengths and Weaknesses

- Quadrant analysis: High/Low Impor. x High/Low Quality grid.
- Strength = an important item that students think we do well.
- Weakness = an important item that students think we do poorly.
- High = greater than the mean of all items; Low = less than the mean of all items.

Strengths and Weaknesses

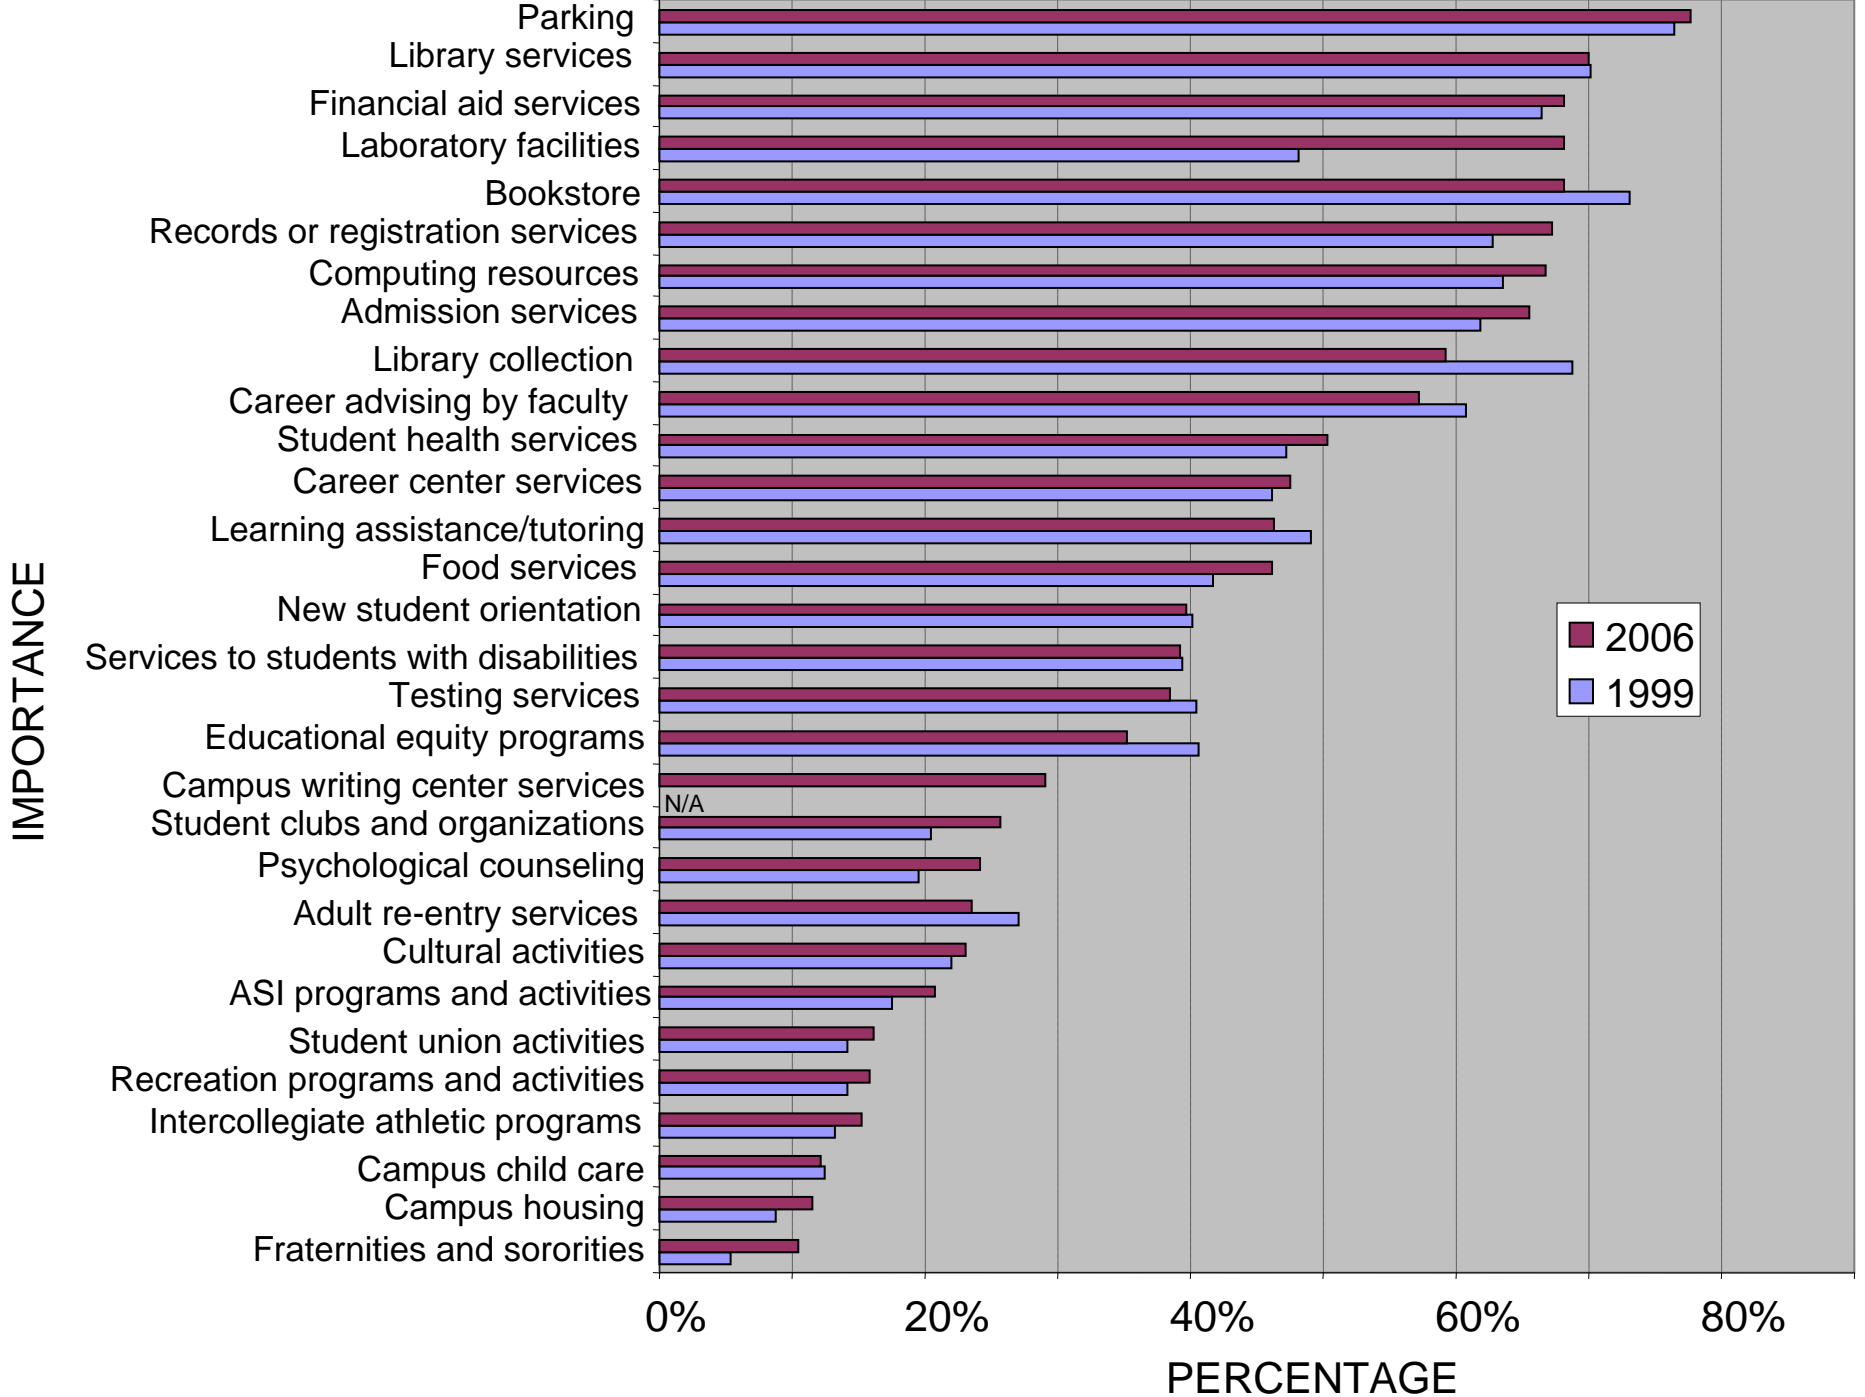

Advising Source	1999	2006
Faculty in my major department	S	S
Campus catalog, class schedule, and other publications	S	S
Pre-college advising from my high school	--	W
Advising centers in my major department or school	W	W

Educational & Campus Experience

Overview

- Student feedback: An important data source for institutional strategic planning, academic affairs planning, WASC self-study, enrollment management, and facilitating graduation.
- Selected results that focus on students' educational experiences.
- Comparison to 1999 results.
- **What are our students telling us?**

Suggested Action Items

- Review and improve course offerings (e.g., availability, scheduling of courses)
- Review and improve advising centers in departments and colleges.
- Review and improve admissions, records and registration, and financial aid services.
- Provide more student information and services online (e.g., “degree audit,” registration, courses).
- Utilize CSULA e-mail for official communications (e.g., policies, deadlines, changes).
- Regularly ask students for feedback, listen to what they have to say, and take action.
