♣ This "roadmap" assumes that students have completed all lower division General Education requirements and the equivalent of English 102 at their community colleges. Students who have not completed GE requirements and/or English 102 will need to complete these requirements before graduation.

♣ Note that 180 units are required to graduate, and only 105 units of transfer credit from community colleges can count towards this requirement.

♣ Students may need to take electives in addition to the courses listed above in order to meet the minimum unit requirement for graduation.

♣ Upon passing the CSET, students may elect to complete a second depth area in place of the CSET preparation directed electives. Some community college courses not counted towards other requirements may count for depth areas or directed electives. Consult a Liberal Studies advisor to select the directed electives.
