1993 Graduate Teaching Assistant, Arizona State University -- *Disease and Human Evolution.*

1992 Instructor, Arizona State University -- *Human Origins and the Development of Culture.*

1992 Instructor, Arizona State University -- *Biology of Race (Introduction to Human Biological Variation).*

1991 Instructor, Arizona State University -- *Human Origins and the Development of Culture.*

1990 Laboratory Instructor, Arizona State University -- *Human Osteology.*

1990 Instructor, Arizona State University -- *Human Origins and the Development of Culture.*

Research and Field Experience

- 1998-Pres Anthropology Consultant to the County of Los Angeles, Office of the Coroner. Medical Examiner/Coroner: Dr. Lakshmanan Sathyavagiswaran.
- 2007 Research on the sacrum and its use in sex determination of skeletal remains, with Dr. David Hunt, Smithsonian Institution.
- 2007 Instructor, Fourth Annual Los Angeles County Department of Coroner/Special Operations Response Team Buried Body Recovery Workshop, held at the Santa Anita Wash Basin, Los Angeles County. Supervisor: Joyce Kato.
- 2006 Project Osteologist, CA-ORA-149. Supervisor: Phil De Barros.
- 2005 Instructor, Third Annual Los Angeles County Department of Coroner/Special Operations Response Team Buried Body Recovery Workshop, held at the Santa Anita Wash Basin, Los Angeles County. Supervisor: Joyce Kato
- 2004 Instructor, Second Annual Los Angeles County Department of Coroner/Special Operations Response Team Buried Body Recovery Workshop, held at the Descanso Detention Facility, San Diego County. Supervisor: Erik Arbuthnot
- 2003 Co-Chair and Instructor at the first Los Angeles County Department of Coroner/Special Operations Response Team Buried Body Recovery Workshop, held at the Descanso Detention Facility, San Diego County for the San Diego County Sheriff's Crime Lab. Supervisor: Erik Arbuthnot
- 2003 Research on Forensic Anthropology (history) in Los Angeles County. With Judy Suchey.
- 2002 Visiting Scientist, National Museum of Natural History, Smithsonian Institution.
- 2002 Research on use of femoral length (maximum and bicondylar) to determine sex. With Diana Dupuis.
- 2001 Research on presence of anencephaly in prehistoric remains.
- 2000 Research on use of the medial clavicle to determine age-at-death in adults. With Judy Suchey.
- 2000 Visiting Scientist, National Museum of Natural History, Smithsonian Institution. Research on paleopathology of a sample from Karluk Cannery, Kodiak Island, Alaska.
- 2000 Participant, ELSI Summer Institute on the Human Genome Project, Dartmouth College.
- 1999 Visiting Scientist, Center for Archaeological Research, University of Texas at San Antonio (invited). Research on mission populations. Summer.
- 1998 Visiting Scientist, National Museum of Natural History, Smithsonian Institution. Research on paleopathology of five Maryland ossuaries. Summer.
- 1997-99 Workshops with Dr. Judy Suchey on Forensic Anthropology at California State University, Fullerton.
- 1998 Assistant. Ninth Annual Workshop on Paleopathological Terminology, Paleopathology Association. Directors: B.D. Ragsdale and D.J. Ortner
- 1997 Research Collaborator, National Museum of Natural History, Smithsonian Institution. Curator: Doug Ubelaker.
- 1990-pres. Curator. Southwest Skeletal Disease Research Collection. Director: Dr. B.D. Ragsdale. Ongoing.
- 1995-1997 Director, Physical Anthropology Laboratory, Repatriation Office, National Museum of Natural History, Smithsonian Institution. Program Manager: Thomas W. Killion. May 1995-August 1997.
- 1997 Assistant. Eighth Annual Workshop on Paleopathological Terminology, Paleopathology Association. Director: D.J. Ortner.
- 1994-1995 Archaeologist. Gutierrez-Palmenberg, Inc. Staff Archaeologist for the Yuma Proving Ground project. Director: Jim Smithwick.
- 1989-1995 Project Osteologist. Listed as such on all bids placed by Northland Research, Tempe, Az. Director: Johnna Hutira.
- 1993-1994 Project Osteologist. State Route 87, McDowell to Shea Archaeological Project (multiple sites), Northland Research, Tempe, Az. Director: Johnna Hutira.
- 1994 Assistant. Sixth Annual Workshop on Paleopathological Terminology, Paleopathology Association. Director: B.D. Ragsdale.
- 1990-1994 Forensic Osteologist (Assistant). Maricopa County Medical Examiners Office. Director: C.F. Merbs..
- 1993 Graduate Research Assistant, Arizona State University. Director: C.F. Merbs. Research into vertebral dysplasias, analysis of skeletal samples for vertebral column abnormalities. May - August.
- 1993 Laboratory Supervisor. FLEX Payson Archaeological Project, Office of Cultural Resource Management, Arizona State University. Director: Todd Howell. May - November.
- 1993 Assistant. Fifth Annual Workshop on Paleopathological Terminology, Paleopathology Association. Directors: B.D. Ragsdale and D.J. Ortner.
- 1992-3 Laboratory Assistant, HLA Laboratory, Blood Systems, Inc. Director: J. McAuley. May 1992 - September 1993.
- 1992 Project Osteologist. Los Guanacos Archaeological Project (AZ U:9:116), Northland Research, Tempe, Az. Director: Todd Howell. Human skeletal analysis. September - December.
- 1992 Laboratory Supervisor. FLEX Tonto Basin Archaeological Project, Office of Cultural Resource Management, Arizona State University. Director: Judi Cameron. May - September.
- 1992 Assistant. Fourth Annual Workshop on Paleopathological Terminology, Paleopathology Association. Directors: B.D. Ragsdale and D.J. Ortner.
- 1991 Visiting Researcher. Dissertation research, University of Nebraska -- Lincoln.

- 1991 Project Osteologist. Tonto National Forest Survey (multiple sites), Northland Research, Tempe, Az. Director: Johnna Huitira. May - September.
- 1991 Graduate Research Assistant, Arizona State University. Director: C.F. Merbs. Analysis of human skeletal remains from the Broadway and McClintock Archaeological Site, Tempe, Az. and data manipulation for Dr. Merbs. May - September.
- 1991 Assistant. Third Annual Workshop on Paleopathological Terminology, Paleopathology Association. Directors: B.D. Ragsdale and D.J. Ortner.
- 1990 Project Osteologist. Site AZ:4:6:213, Northland Research, Tempe, Az. Director: Johnna Huitira. November.
- 1990 Project Osteologist. Site DCA-90-121, Division of Conservation Archaeology, San Juan County Museum Association, Farmington, NM. August.
- 1990 Project Osteologist. Site AZ:AA:6:25, Northland Research, Tempe, Az. Director: Johnna Huitira. April.
- 1990 Graduate Research Assistant, Arizona State University. Director: C.F. Merbs. Curation of human skeletal collections, Arizona State University.

Forensic Anthropology Experience

- 1998 – Pres Anthropology Consultant to the County of Los Angeles, Office of Coroner. Medical Examiner/Coroner: Dr. Lakshmanan Sathyavagiswaran.
- 2007 Cases on file, available on request
- 2006 Cases on file, available on request
- 2005 Cases on file, available on request
- 2004 Total 37 cases for Los Angeles County Office of Coroner. Cases on file, available on request.
- 2003 Total 52 cases for Los Angeles County Office of Coroner. Cases on file, available on request.
- 2002 Total 43 cases for Los Angeles County Office of Coroner, of these 21 were human, of forensic value. Cases on file, available on request.
- 2001 Total 56 cases for Los Angeles County Office of Coroner; 33 of these were human, of forensic value. Cases on file, available on request.
- 2000 Total 52 cases for Los Angeles County Office of Coroner; 29 of these were human, of forensic value. Cases on file, available on request.
- 1999 Total 7 cases for Los Angeles County Office of Coroner; 5 of these were human, of forensic value. Cases on file, available on request.

Academic Awards
