NOTES: ⁺Working Student Plan is designed for a student working 20 or more hours per week, who desires to pass courses on first attempt.

*MATH 102 and 103 are prerequisites for the first required MATH course for BIOL majors (MATH 206). Exit exams may be taken for MATH 102 and MATH 103 via the Testing Center for incoming students ready to take calculus. If you do not take MATH 102 & 103, you still must complete 186 total units to receive the degree. Students who complete every course on this plan will have completed a minimum of 192 units.

**NSS 101 fulfills both the IHE and the GE BLOCK E requirements.

***MATH 230 is an alternative to MATH 207 but is offered only in SPRING quarters.

⁺⁺To finish earlier, students may take classes during the Summer Quarter or they may be able to reduce work hours over the years.

⁺⁺⁺Students must take 2 diversity (d) courses as part of GE from Blocks C, D, E or Upper Division Theme.

**The 3 GE BLOCK D courses must be from three different departments and the 3 GE BLOCK C courses must be from three different areas!
DO NOT TAKE GE THEME COURSES FROM YOUR MAJOR DEPARTMENT OR CROSS-LISTED COURSES TO MAJOR DEPARTMENT COURSES.**
