

Fall 2010

Sign-up Instructions for a 220 Practicum Site

(Note: CHDV 320 has been renumbered to CHDV 220)

To ensure that you and others get a practicum site for CHDV 220 The Young Child, please read and follow the instructions very carefully before signing up for a site @ the department **IN PERSON FOR FALL QUARTER 2010!!** In signing up for a practicum site, please keep in mind the following information:

- Students who have received a permit to register, who have to repeat the course or practicum experience, or are still on a waiting list to obtain a permit **are required** to sign up for a practicum site.
- Once you are assigned to a site, you **cannot** change it. So, please give yourself some time to think through your choice.
- Please **DO NOT** call the sites directly to sign up for one or to request a change. **DO NOT** trade your slot with any fellow student.
- All sites require valid TB and MMR tests. **Bring these records to the department in order to get your permit to register. TB has to be valid within a year including this Fall quarter 2010!** [Livescan](#) is now required by most sites. Please check directly with the site once you sign up to find out if you will need it.
- **You are expected to start your fieldwork hours the first week of the quarter.** This applies to all students, even if the class has yet to meet for the first time. Please read the [guidelines](#) very carefully and go to www.calstatela.edu/hhs/cfs and look up for sign up instructions for 220 before you visit the site.
- **ALL STUDENTS ARE REQUIRED TO COMPLETE THEIR FIELDWORK AT THE DESIGNATED SITES THAT HAVE BUILT OFFICIAL RELATIONSHIPS WITH CSULA. NO EXCEPTIONS.**

Sign up for a site in the Department of Child and Family Studies office located in room E&T A535.

Early and late sign-ups are NOT possible.

Where to View Practicum Sites

Please take a moment to view the selection of [practicum sites](#) to choose from. The preschools are listed in alphabetic order, and the available sites and time slots are updated periodically. Additionally, the practicum sites may also be viewed on the department website www.calstatela.edu/hhs/cfs .

For driving directions to the practicum site, please check <http://maps.yahoo.com/dd>.

Please do not contact the sites directly for site assignment. The assignment will be decided through this sign-up system **ONLY**. The **fieldwork** assignment **is** based on a "first come, first serve" policy.

Questions or Concerns: If you have any questions or concerns regarding practicum site placement, please contact the department at 323-343-4590 Monday-Thursday 9:00-6:00PM & Friday 8:00-5:00PM. Thank you very much for your cooperation. We hope that you will enjoy your practicum experience.
