

VPAT for ThinkPad X61 (2Q2007)	
VPAT comments:	For a detailed description of the product features and benefits, please refer to the following URL: http://shop.lenovo.com/SEUILibrary/controller/catalog.workflow:category.details?current-catalog-id=12F0696583E04D86B9B79B0FEC01C087&current-category-id=D670E9977F234D8197E1A6952DF8E9DF

VPAT Summary

Criteria	Status	Remarks and Explanations
Section 1194.21 Software Applications and Operating Systems	Supports with exceptions	Refer to Section 1194.21 in VPAT Details section below.
Section 1194.22 Web-based Internet information & applications	Supports	Refer to Section 1194.22 in VPAT Details section below.
Section 1194.23 Telecommunications Products	Supports	Refer to Section 1194.23 in VPAT Details section below.
Section 1194.24 Video and Multi-media Products	Supports	Refer to Section 1194.24 in VPAT Details section below.
Section 1194.25 Self-Contained, Closed Products	Supports	Refer to Section 1194.25 in VPAT Details section below.
Section 1194.26 Desktop and Portable Computers	Supports	Refer to Section 1194.26 in VPAT Details section below.
Section 1194.31 Functional Performance	Supports	Refer to Section 1194.31 in VPAT Details section below.
Section 1194.41 Information, Documentation, and Support	Supports with exceptions	Refer to Section 1194.41 in VPAT Details section below.

VPAT Details

Section 1194.21 Software Applications and Operating Systems - Detail

Criteria	Supporting Features	Remarks and Explanations
(a) When software is designed to run on a system that has a keyboard, product functions shall be executable from a keyboard where the function itself or the result of performing a function can be discerned textually.	Supports: A keyboard can be used to achieve all tasks in the application, allowing blind and mobility-impaired users to access information without the use of the mouse.	The following components meet this criterion: - ThinkPad X61 (2Q2007) - IBM Active Protection System All - ThinkPad EasyEject Utility all - IBM Developer Kit for Windows / Java 2 Technology Edition (excluding Windows 64 bit) 1.4.0 - ThinkPad Hotkey Features all - On Screen Display (HotKey Features) - ThinkPad Software Installer all - ThinkPad Access Connections all - ThinkPad Presentation Director all - ThinkVantage Technologies Welcome Screen 1.00 - Tab key is used to navigate the contents and Enter key to launch sub program. - ThinkVantage System Update 1.0 - Help Center all - Message Center all - Tabs keys are used to navigate within the help system. The F6 key is used to toggle between the Table of Contents (TOC) and help content. Standard mnemonics are supported. - Access Help all - Tabs keys are used to navigate within the help system. The F6 key is used to toggle between the TOC and help content. Standard mnemonics are supported. - ThinkVantage Productivity Center All - System Migration Assistant 5.0 - ThinkVantage Away Manager 1.0 - follows standard windows accessibility guidelines. - IBM ThinkPad Configuration all - IBM ThinkPad UltraNav Wizard all - UltraNav Driver/UltraNav Wizard - ThinkPad - IBM Keyboard Customizer Utility all - IBM fingerprint software 4.5.3 or later - ThinkPad Video Driver (ATI Mobility-Radeon/Fire

Criteria	Supporting Features	Remarks and Explanations
		GL) all - ThinkPad Video Features (INTEL 910GML/915GM/852GM/852GME/855GM/855GME) All
<p>(b) Applications shall not disrupt or disable activated features of other products that are identified as accessibility features, where those features are developed and documented according to industry standards. Applications also shall not disrupt or disable activated features of any operating system that are identified as accessibility features where the application programming interface for those accessibility features has been documented by the manufacturer of the operating system and is available to the product developer.</p>	<p>Supports: Operating systems provide accessibility features that allow disabled users to customize their preferences. This application preserves those accessibility user preference settings. For example, if Sticky Keys option is selected by a mobility-impaired user, this option will continue to be activated when used with this application.</p>	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - IBM Active Protection System - ThinkPad EasyEject Utility - IBM Developer Kit for Windows / Java - ThinkPad Presentation Director - ThinkVantage Technologies Welcome Screen - ThinkVantage System Update - Help Center - Message Center - Access Help - ThinkVantage Productivity Center - System Migration Assistant - ThinkVantage Away Manager - IBM ThinkPad Configuration - IBM fingerprint software <p>The following components do not apply to this criterion:</p> <ul style="list-style-type: none"> - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - IBM ThinkPad UltraNav Wizard - ThinkPad - IBM Keyboard Customizer Utility - ThinkPad Video Driver - ThinkPad Video Features
<p>(c) A well-defined on-screen indication of the current focus shall be provided that moves among interactive interface elements as the input focus changes. The focus shall be programmatically exposed so that Assistive Technology can track focus and focus changes.</p>	<p>Supports: When using the application with a keyboard, users can tell where they are on the screen and the information is available to assistive technologies to communicate screen location to visually impaired users.</p>	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - IBM Active Protection System - ThinkPad EasyEject Utility - IBM Developer Kit for Windows / Java - Focus is set and focus traversal is maintained in GUIs in the core product. - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkPad Presentation Director - ThinkVantage Technologies Welcome Screen - ThinkVantage System Update - Help Center - Message Center - The Magnifier tool along with other accessibility options provided by Windows, works with this product. - Access Help - The Magnifier tool along with other accessibility options provided by Windows, works with this product. - ThinkVantage Productivity Center - System Migration Assistant - Default buttons and selections are highlighted. - ThinkVantage Away Manager - The Magnifier tool and other accessibility options provided by Windows works with this product. - IBM ThinkPad Configuration - IBM ThinkPad UltraNav Wizard - ThinkPad - IBM Keyboard Customizer Utility - IBM fingerprint software - ThinkPad Video Driver - ThinkPad Video Features
<p>(d) Sufficient information about a user interface element including the identity, operation and state of the element shall be available to Assistive Technology. When an image represents a program element, the information conveyed by the image must also be available in text.</p>	<p>Supports with exceptions</p>	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - IBM Active Protection System - ThinkPad EasyEject Utility - IBM Developer Kit for Windows / Java - Labels are associated with control objects and icons in the core product. Although not exposed by any shipped GUIs, it is known that an

Criteria	Supporting Features	Remarks and Explanations
		<p>for these OSs.</p> <ul style="list-style-type: none"> - ThinkPad Access Connections - Tool is not available for these OSs. - ThinkPad Presentation Director - Tool is not available for these OSs. - IBM ThinkPad Configuration - Tool is not available for these OSs. - IBM ThinkPad UltraNav Wizard - Tool is not available for these OSs. - ThinkPad - IBM Keyboard Customizer Utility - Tool is not available for these OSs. - ThinkPad Video Driver - Tool is not available for these OSs. - ThinkPad Video Features - Tool is not available for these OSs.
<p>(f) Textual information shall be provided through operating system functions for displaying text. The minimum information that shall be made available is text content, text input caret location, and text attributes.</p>	<p>Supports with exceptions</p>	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - IBM Active Protection System - IBM Developer Kit for Windows / Java - Although not exposed by any shipped GUIs, it is known that an API restriction prevents the selection of discontiguous items from a list. There are known workarounds for this issue. - ThinkVantage System Update - Help Center - Message Center - Access Help - This product is written in HTML which supports assistive technologies like screen readers. - ThinkVantage Productivity Center - System Migration Assistant - The test in SMA does change according to the High Contrast, and other size related settings that can be set via accessibility wizard. - ThinkVantage Away Manager - IBM fingerprint software <p>The following component does not meet this criterion:</p> <ul style="list-style-type: none"> - ThinkVantage Technologies Welcome Screen - Macromedia Flash contents does not support standard API. <p>The following components do not apply to this criterion:</p> <ul style="list-style-type: none"> - ThinkPad EasyEject Utility - Tool is not available for these OSs. - ThinkPad Hotkey Features - On Screen Display - Tool is not available for these OSs. - ThinkPad Software Installer - Tool is not available for these OSs. - ThinkPad Access Connections - Tool is not available for these OSs. - ThinkPad Presentation Director - Tool is not available for these OSs. - IBM ThinkPad Configuration - Tool is not available for these OSs. - IBM ThinkPad UltraNav Wizard - Tool is not available for these OSs. - ThinkPad - IBM Keyboard Customizer Utility - Tool is not available for these OSs. - ThinkPad Video Driver - Tool is not available for these OSs. - ThinkPad Video Features - Tool is not available for these OSs.
<p>(g) Applications shall not override user selected contrast and color selections and other individual display attributes.</p>	<p>Supports with exceptions</p>	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - IBM Active Protection System

Criteria	Supporting Features	Remarks and Explanations
		<ul style="list-style-type: none"> - ThinkPad EasyEject Utility - IBM Developer Kit for Windows / Java - GUI tools in the core product work with high contrast Settings. Also, user interface controls in the core product support system settings. - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkPad Presentation Director - ThinkVantage System Update - Help Center - Message Center - Access Help - ThinkVantage Productivity Center - System Migration Assistant - ThinkVantage Away Manager - IBM ThinkPad Configuration - IBM ThinkPad UltraNav Wizard - ThinkPad - IBM Keyboard Customizer Utility - IBM fingerprint software - ThinkPad Video Driver - ThinkPad Video Features <p>The following component does not meet this criterion:</p> <ul style="list-style-type: none"> - ThinkVantage Technologies Welcome Screen - Macromedia Flash contents does not support color scheme or inherit system settings.
<p>(h) When animation is displayed, the information shall be displayable in at least one non-animated presentation mode at the option of the user.</p>	<p>Supports: Application provides an option to display animation in a non-animated mode, allowing users with vision impairments equal access to the same information and reliable interaction with assistive technology.</p>	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - System Migration Assistant - ThinkVantage Away Manager <p>The following components do not apply to this criterion:</p> <ul style="list-style-type: none"> - IBM Active Protection System - ThinkPad EasyEject Utility - IBM Developer Kit for Windows / Java - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkPad Presentation Director - ThinkVantage Technologies Welcome Screen - ThinkVantage System Update - System Update animations are eye-candy animations, they are used to report progress and they finish when process finishes. - Help Center - Message Center - Access Help - ThinkVantage Productivity Center - IBM ThinkPad Configuration - IBM ThinkPad UltraNav Wizard - ThinkPad - IBM Keyboard Customizer Utility - IBM fingerprint software - ThinkPad Video Driver - ThinkPad Video Features
<p>(i) Color coding shall not be used as the only means of conveying information, indicating an action, prompting a response, or distinguishing a visual element.</p>	<p>Supports: Color is used only as an enhancement, and an alternate means to convey information or indicate an action is available to users with visual impairments.</p>	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - IBM Active Protection System - ThinkPad EasyEject Utility - IBM Developer Kit for Windows / Java - Color is not used to convey information in the GUI tools. - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkPad Presentation Director - ThinkVantage Technologies Welcome Screen

Criteria	Supporting Features	Remarks and Explanations
		<ul style="list-style-type: none"> - ThinkVantage System Update - Help Center - Message Center - ThinkVantage Productivity Center - System Migration Assistant - ThinkVantage Away Manager - IBM ThinkPad Configuration - IBM ThinkPad UltraNav Wizard - ThinkPad - IBM Keyboard Customizer Utility - IBM fingerprint software - ThinkPad Video Driver - ThinkPad Video Features <p>The following component does not apply to this criterion:</p> <ul style="list-style-type: none"> - Access Help - Information is not solely conveyed through the use of color.
<p>(j) When a product permits a user to adjust color and contrast settings, a variety of color selections capable of producing a range of contrast levels shall be provided.</p>	<p>Supports: When color customization is supported, a variety of color selections and a range of contrast improves accessibility for users with vision impairments.</p>	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - IBM Active Protection System - ThinkPad EasyEject Utility - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkPad Presentation Director - ThinkVantage System Update - Help Center - Message Center - Access Help - ThinkVantage Productivity Center - System Migration Assistant - Various color schemes are selectable via the accessibility wizard and SMA supports those. - ThinkVantage Away Manager - IBM ThinkPad Configuration - IBM ThinkPad UltraNav Wizard - ThinkPad - IBM Keyboard Customizer Utility <p>The following components do not apply to this criterion:</p> <ul style="list-style-type: none"> - IBM Developer Kit for Windows / Java - ThinkVantage Technologies Welcome Screen - IBM fingerprint software - ThinkPad Video Driver - ThinkPad Video Features
<p>(k) Software shall not use flashing or blinking text, objects, or other elements having a flash or blink frequency greater than 2 Hz and lower than 55 Hz.</p>	<p>Supports: The use of blinking text, objects or elements has been avoided, reducing risk of seizures for users with photosensitive epilepsy.</p>	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - ThinkVantage Productivity Center - System Migration Assistant - ThinkVantage Away Manager - IBM ThinkPad UltraNav Wizard - IBM fingerprint software <p>The following components do not apply to this criterion:</p> <ul style="list-style-type: none"> - IBM Active Protection System - ThinkPad EasyEject Utility - IBM Developer Kit for Windows / Java - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkPad Presentation Director - ThinkVantage Technologies Welcome Screen - ThinkVantage System Update - Help Center - Message Center - Access Help - IBM ThinkPad Configuration - ThinkPad - IBM Keyboard Customizer Utility

Criteria	Supporting Features	Remarks and Explanations
		<ul style="list-style-type: none"> - ThinkPad Video Driver - ThinkPad Video Features
(l) When electronic forms are used, the form shall allow people using Assistive Technology to access the information, field elements, and functionality required for completion and submission of the form, including all directions and cues.	<p>Supports: The application design allows assistive technology access to information, field elements, and functionality required to complete and submit forms.</p>	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - ThinkVantage System Update - System Migration Assistant - IBM ThinkPad Configuration <p>The following components do not apply to this criterion:</p> <ul style="list-style-type: none"> - IBM Active Protection System - ThinkPad EasyEject Utility - IBM Developer Kit for Windows / Java - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkPad Presentation Director - ThinkVantage Technologies Welcome Screen - Help Center - Message Center - Access Help - ThinkVantage Productivity Center - ThinkVantage Away Manager - IBM ThinkPad UltraNav Wizard - ThinkPad - IBM Keyboard Customizer Utility - IBM fingerprint software - ThinkPad Video Driver - ThinkPad Video Features

Section 1194.22 Web-based Internet information and applications - Detail

Criteria	Supporting Features	Remarks and Explanations
(a) A text equivalent for every non-text element shall be provided (e.g., via "alt", "longdesc", or in element content).	Not applicable	
(b) Equivalent alternatives for any multimedia presentation shall be synchronized with the presentation.	Not applicable	
(c) Web pages shall be designed so that all information conveyed with color is also available without color, for example from context or markup.	Not applicable	
(d) Documents shall be organized so they are readable without requiring an associated style sheet.	Not applicable	
(e) Redundant text links shall be provided for each active region of a server-side image map.	Not applicable	
(f) Client-side image maps shall be provided instead of server-side image maps except where the regions cannot be defined with an available geometric shape.	Not applicable	
(g) Row and column headers shall be identified for data tables.	Not applicable	
(h) Markup shall be used to associate data cells and header cells for data tables that have two or more logical levels of row or column headers.	Not applicable	
(i) Frames shall be titled with text that facilitates frame identification and navigation.	Not applicable	
(j) Pages shall be designed to avoid causing the screen to flicker with a frequency greater than 2 Hz and lower than 55 Hz.	Not applicable	
(k) A text-only page, with equivalent information or functionality, shall be provided to make a web site comply with the provisions of this part, when compliance cannot be accomplished in any other way. The content of the text-only page shall be updated whenever the primary page changes.	Not applicable	
(l) When pages utilize scripting languages to display content, or to create interface elements, the information provided by the script shall be identified	Not applicable	

Criteria	Supporting Features	Remarks and Explanations
with functional text that can be read by Assistive Technology.		
(m) When a web page requires that an applet, plug-in or other application be present on the client system to interpret page content, the page must provide a link to a plug-in or applet that complies with §1194.21(a) through (l).	Not applicable	
(n) When electronic forms are designed to be completed on-line, the form shall allow people using Assistive Technology to access the information, field elements, and functionality required for completion and submission of the form, including all directions and cues.	Not applicable	
(o) A method shall be provided that permits users to skip repetitive navigation links.	Not applicable	
(p) When a timed response is required, the user shall be alerted and given sufficient time to indicate more time is required.	Supports: When a timed response is required, an option to request more time to complete the action is provided to the user.	The following components meet this criterion: <ul style="list-style-type: none"> - ThinkPad X61 - ThinkPad EasyEject Utility - ThinkPad Access Connections - ThinkPad Presentation Director - System Migration Assistant - ThinkVantage Away Manager - IBM ThinkPad Configuration - ThinkPad Video Driver - ThinkPad Video Features The following components do not apply to this criterion: <ul style="list-style-type: none"> - IBM Active Protection System - IBM Developer Kit for Windows / Java - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkVantage Technologies Welcome Screen - ThinkVantage System Update - Help Center - Message Center - Access Help - ThinkVantage Productivity Center - IBM ThinkPad UltraNav Wizard - ThinkPad - IBM Keyboard Customizer Utility - IBM fingerprint software

Section 1194.23 Telecommunications Products - Detail

Criteria	Supporting Features	Remarks and Explanations
(a) Telecommunications products or systems which provide a function allowing voice communication and which do not themselves provide a TTY functionality shall provide a standard non-acoustic connection point for TTYs. Microphones shall be capable of being turned on and off to allow the user to intermix speech with TTY use.	Not applicable	
(b) Telecommunications products which include voice communication functionality shall support all commonly used cross-manufacturer non proprietary standard TTY signal protocols.	Not applicable	
(c) Voice mail, auto-attendant, and interactive voice response telecommunications systems shall be usable by TTY users with their TTYs.	Not applicable	
(d) Voice mail, messaging, auto-attendant, and interactive voice response telecommunication systems that require a response from a user within a time interval, shall give an alert when the time interval is about to run out, and shall provide sufficient time for the user to indicate more time is required.	Not applicable	
(e) Where provided, caller identification and similar telecommunications functions shall also be available for users of TTYs and for users who cannot see	Not applicable	

Criteria	Supporting Features	Remarks and Explanations
displays.		
(f) For transmitted voice signals, telecommunications products shall provide a gain adjustable up to a minimum of 20 dB. For incremental volume control, at least one intermediate step of 12 dB of gain shall be provided.	Not applicable	
(g) If the telecommunications product allows a user to adjust the receiver volume, a function shall be provided to automatically reset the volume to the default level after every use.	Not applicable	
(h) Where a telecommunications product delivers output by an audio transducer which is normally held up to the ear, a means for effective magnetic wireless coupling to hearing technologies shall be provided.	Not applicable	
(i) Interface to hearing technologies (including hearing aids, cochlear implants, and assistive listening devices) shall be reduced to the lowest possible level that allows a user of hearing technologies to utilize the telecommunications product.	Not applicable	
(j) Products that transmit or conduct information or communication, shall pass through cross-manufacturer, non-proprietary, industry-standard codes, translation protocols, formats or other information necessary to provide the information or communication in usable format. Technologies which use encoding, signal compression, format transformation, or similar techniques shall not remove information needed for access or shall restore it upon delivery.	Not applicable	
(k)(1) Products which have mechanically operated controls or keys shall comply with the following: Controls and Keys shall be tactilely discernible without activating the controls or keys.	Supports: Touch can be used to identify and distinguish controls and keys without activating them.	The following component meets this criterion: - ThinkPad X61
(k)(2) Products which have mechanically operated controls or keys shall comply with the following: Controls and Keys shall be operable with one hand and shall not require tight grasping, pinching, twisting of the wrist. The force required to activate controls and keys shall be 5 lbs. (22.2N) maximum	Supports: Controls and latches can be reached and operated using one hand and require minimal dexterity for ease of use by mobility impaired users.	The following component meets this criterion: - ThinkPad X61
(k)(3) Products which have mechanically operated controls or keys shall comply with the following: If key repeat is supported, the delay before repeat shall be adjustable to at least 2 seconds. Key repeat rate shall be adjustable to 2 seconds per character.	Supports: An option to change keyboard repeat rate is provided so users can adjust the rate to accommodate their needs.	The following component meets this criterion: - ThinkPad X61 - via Windows Accessibility Option
(k)(4) Products which have mechanically operated controls or keys shall comply with the following: The status of all locking or toggle controls or keys shall be visually discernible, and discernible either through touch or sound.	Supports: The status of locking and toggle controls or keys can be seen as well as distinguished by touch and/or sound when activated.	The following component meets this criterion: - ThinkPad X61- via Windows Accessibility Option

Section 1194.24 Video and Multi-media Products - Detail

Criteria	Supporting Features	Remarks and Explanations
(a) All analog television displays 13 inches and larger, and computer equipment that includes analog television receiver or display circuitry, shall be equipped with caption decoder circuitry which appropriately receives, decodes, and displays closed captions from broadcast, cable, videotape, and DVD signals. As soon as practicable, but not later than July 1, 2002, widescreen digital television (DTV) displays measuring at least 7.8 inches vertically, DTV sets with conventional displays measuring at least 13 inches vertically, and stand-alone DTV tuners, whether or not they are marketed with display screens, and computer equipment that includes DTV receiver or display circuitry, shall be equipped with caption decoder circuitry which	Not applicable	

Criteria	Supporting Features	Remarks and Explanations
appropriately receives, decodes, and displays closed captions from broadcast, cable, videotape, and DVD signals.		
(b) Television tuners, including tuner cards for use in computers, shall be equipped with secondary audio program playback circuitry.	Not applicable	
(c) All training and informational video and multimedia productions which support the agency's mission, regardless of format, that contain speech or other audio information necessary for the comprehension of the content, shall be open or closed captioned.	Supports: Training and informational video and multimedia provided with the product supports captioning for relevant audio for deaf and hard of hearing users.	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - ThinkPad EasyEject Utility - ThinkPad Presentation Director - Access Help - Tools built into the OS like ShowSounds and SoundSentry work with this tool, however, no significant information is provided audibly. - ThinkVantage Productivity Center - System Migration Assistant - IBM ThinkPad Configuration - IBM ThinkPad UltraNav Wizard <p>The following components do not apply to this criterion:</p> <ul style="list-style-type: none"> - IBM Active Protection System - IBM Developer Kit for Windows / Java - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkVantage Technologies Welcome Screen - ThinkVantage System Update - Help Center - Message Center - ThinkVantage Away Manager - ThinkPad - IBM Keyboard Customizer Utility - IBM fingerprint software - ThinkPad Video Driver - ThinkPad Video Features
(d) All training and informational video and multimedia productions which support the agency's mission, regardless of format, that contain visual information necessary for the comprehension of the content, shall be audio described.	Supports: Training and informational video and multimedia provided with the product supports audio descriptions of visual information for blind users.	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - ThinkPad EasyEject Utility - ThinkPad Presentation Director - Access Help - Tools built into the OS like ShowSounds and SoundSentry work with this tool, however, no significant information is provided audibly. - ThinkVantage Productivity Center - System Migration Assistant - IBM ThinkPad Configuration - IBM ThinkPad UltraNav Wizard <p>The following components do not apply to this criterion:</p> <ul style="list-style-type: none"> - IBM Active Protection System - IBM Developer Kit for Windows / Java - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkVantage Technologies Welcome Screen - ThinkVantage System Update - Help Center - Message Center - ThinkVantage Away Manager - ThinkPad - IBM Keyboard Customizer Utility - IBM fingerprint software - ThinkPad Video Driver - ThinkPad Video Features
(e) Display or presentation of alternate text presentation or audio descriptions shall be user-selectable unless permanent.	Not applicable	

Section 1194.25 Self-Contained, Closed Products - Detail

Criteria	Supporting Features	Remarks and Explanations
(a) Self contained products shall be usable by people with disabilities without requiring an end-user to attach Assistive Technology to the product. Personal headsets for private listening are not Assistive Technology.	Not applicable	
(b) When a timed response is required, the user shall be alerted and given sufficient time to indicate more time is required.	Not applicable	
(c) Where a product utilizes touchscreens or contact-sensitive controls, an input method shall be provided that complies with §1194.23 (k) (1) through (4).	Not applicable	
(d) When biometric forms of user identification or control are used, an alternative form of identification or activation, which does not require the user to possess particular biological characteristics, shall also be provided.	Not applicable	
(e) When products provide auditory output, the audio signal shall be provided at a standard signal level through an industry standard connector that will allow for private listening. The product must provide the ability to interrupt, pause, and restart the audio at anytime.	Supports: Audio signal is provided at a standard level via a standard connector so the audio can be interrupted, paused, or restarted at anytime.	The following component meets this criterion: - ThinkPad X61
(f) When products deliver voice output in a public area, incremental volume control shall be provided with output amplification up to a level of at least 65 dB. Where the ambient noise level of the environment is above 45 dB, a volume gain of at least 20 dB above the ambient level shall be user selectable. A function shall be provided to automatically reset the volume to the default level after every use.	Not applicable	
(g) Color coding shall not be used as the only means of conveying information, indicating an action, prompting a response, or distinguishing a visual element.	Supports: Color is used only as an enhancement, and an alternate means to convey information or indicate an action is available to users with visual impairments.	The following component meets this criterion: - ThinkPad X61
(h) When a product permits a user to adjust color and contrast settings, a range of color selections capable of producing a variety of contrast levels shall be provided.	Not applicable	
(i) Products shall be designed to avoid causing the screen to flicker with a frequency greater than 2 Hz and lower than 55 Hz.	Not applicable	
(j) (1) Products which are freestanding, non-portable, and intended to be used in one location and which have operable controls shall comply with the following: The position of any operable control shall be determined with respect to a vertical plane, which is 48 inches in length, centered on the operable control, and at the maximum protrusion of the product within the 48 inch length on products which are freestanding, non-portable, and intended to be used in one location and which have operable controls. (j)(2) Products which are freestanding, non-portable, and intended to be used in one location and which have operable controls shall comply with the following: Where any operable control is 10 inches or less behind the reference plane, the height shall be 54 inches maximum and 15 inches minimum above the floor. (j)(3) Products which are freestanding, non-portable, and intended to be used in one location and which have operable controls shall comply with the following: Where any operable control is more than 10 inches and not more than 24 inches behind the	Not applicable	

Criteria	Supporting Features	Remarks and Explanations
reference plane, the height shall be 46 inches maximum and 15 inches minimum above the floor. (j)(4) Products which are freestanding, non-portable, and intended to be used in one location and which have operable controls shall comply with the following: Operable controls shall not be more than 24 inches behind the reference plane.		

Section 1194.26 Desktop and Portable Computers - Detail

Criteria	Supporting Features	Remarks and Explanations
(a) All mechanically operated controls and keys shall comply with §1194.23 (k) (1) through (4).	Supports: See 1194.23(k) 1 through 4.	The following component meets this criterion: - ThinkPad X61
(b) If a product utilizes touchscreens or touch-operated controls, an input method shall be provided that complies with §1194.23 (k) (1) through (4).	Supports: See 1194.23(k) 1 through 4.	The following component meets this criterion: - ThinkPad X61
(c) When biometric forms of user identification or control are used, an alternative form of identification or activation, which does not require the user to possess particular biological characteristics, shall also be provided.	Supports: An alternative means to biometric identification is available.	The following component meets this criterion: - ThinkPad X61
(d) Where provided, at least one of each type of expansion slots, ports and connectors shall comply with publicly available industry standards.	Supports: The product design uses Industry standard ports so that alternative equipment and assistive technologies can be accommodated.	The following component meets this criterion: - ThinkPad X61

Section 1194.31 Functional Performance - Detail

Criteria	Supporting Features	Remarks and Explanations
(a) At least one mode of operation and information retrieval that does not require user vision shall be provided, or support for assistive technology used by people who are blind or visually impaired shall be provided.	Supports: See the following for supporting features: - 1194.21 a, b, c, d, e, f, h, i, l - 1194.22 all - 1194.23 k1, k4 - 1194.24 d - 1194.25 a, b, c, e, f, g - 1194.26 b, d	The following components meet this criterion: - ThinkPad X61 - ThinkPad EasyEject Utility - ThinkPad Presentation Director - Access Help - Tools built into the OS like ShowSounds and SoundSentry work with this tool, however, no significant information is provided audibly. - ThinkVantage Productivity Center - System Migration Assistant - IBM ThinkPad Configuration - IBM ThinkPad UltraNav Wizard The following components do not apply to this criterion: - IBM Active Protection System - IBM Developer Kit for Windows / Java - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkVantage Technologies Welcome Screen - ThinkVantage System Update - Help Center - Message Center - ThinkVantage Away Manager - ThinkPad - IBM Keyboard Customizer Utility - IBM fingerprint software - ThinkPad Video Driver - ThinkPad Video Features
(b) At least one mode of operation and information retrieval that does not require visual acuity greater than 20/70 shall be provided in audio and enlarged print output working together or independently, or support for assistive technology used by people what are visually impaired shall be provided.	Not applicable: See the following for supporting features: - 1194.21 c, g, i, j, l - 1194.22 n - 1194.25 h	

Criteria	Supporting Features	Remarks and Explanations
<p>(c) At least one mode of operation and information retrieval that does not require user hearing shall be provided, or support for assistive technology used by people who are deaf or hard of hearing shall be provided.</p>	<p>- 1194.26 d</p> <p>Supports: Hardware is designed to alert the software application of system sounds when needed and the software then provides a visual cue so that deaf or hard of hearing users can complete the task.</p> <p>See the following for other supporting features: - 1194.22 b, m - 1194.23 k4 - 1194.24 c - 1194.25 e, f</p>	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - ThinkPad EasyEject Utility - ThinkPad Presentation Director - Access Help - Tools built into the OS like ShowSounds and SoundSentry work with this tool, however, no significant information is provided audibly. - ThinkVantage Productivity Center - System Migration Assistant - IBM ThinkPad Configuration - IBM ThinkPad UltraNav Wizard <p>The following components do not apply to this criterion:</p> <ul style="list-style-type: none"> - IBM Active Protection System - IBM Developer Kit for Windows / Java - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkVantage Technologies Welcome Screen - ThinkVantage System Update - Help Center - Message Center - ThinkVantage Away Manager - ThinkPad - IBM Keyboard Customizer Utility - IBM fingerprint software - ThinkPad Video Driver - ThinkPad Video Features
<p>(d) Where audio information is important for the use of the product, at least one mode of operation and information retrieval shall be provided in an enhanced auditory fashion, or support for assistive hearing devices shall be provided.</p>	<p>Supports: Hardware provides a physical volume control and/or an interface so that volume can be controlled by software.</p> <p>See the following for other supporting features: - 1194.23 k4 - 1194.25 e, f</p>	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - ThinkPad X61 - ThinkPad EasyEject Utility - ThinkPad Presentation Director - Access Help - Tools built into the OS like ShowSounds and SoundSentry work with this tool, however, no significant information is provided audibly. - ThinkVantage Productivity Center - System Migration Assistant - IBM ThinkPad Configuration - IBM ThinkPad UltraNav Wizard <p>The following components do not apply to this criterion:</p> <ul style="list-style-type: none"> - IBM Active Protection System - IBM Developer Kit for Windows / Java - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkVantage Technologies Welcome Screen - ThinkVantage System Update - Help Center - Message Center - ThinkVantage Away Manager - ThinkPad - IBM Keyboard Customizer Utility - IBM fingerprint software - ThinkPad Video Driver - ThinkPad Video Features
<p>(e) At least one mode of operation and information retrieval that does not require user speech shall be provided, or support for assistive technology used by people with disabilities shall be provided.</p>	<p>Not applicable</p>	
<p>(f) At least one mode of operation and information retrieval that does not require fine motor control or simultaneous actions and that is operable with limited reach and strength shall be provided.</p>	<p>Not applicable: See the following for other supporting features: - 1194.21 a, b - 1194.22 l, p - 1194.23 k1, k2, k3</p>	

Criteria	Supporting Features	Remarks and Explanations
	- 1194.25 b, j - 1194.26 d	

Section 1194.41 Information, Documentation, and Support - Detail

Criteria	Supporting Features	Remarks and Explanations
(a) Product support documentation provided to end-users shall be made available in alternate formats upon request, at no additional charge.	Supports with exceptions	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - IBM Active Protection System - IBM Developer Kit for Windows / Java - Documentation is available in HTML format. - ThinkPad Access Connections - ThinkVantage System Update - The ThinkVantage System Update Documentation was created in CHM format. It was testing with JAWS application. - Help Center - Message Center - Access Help - Documentation is provided in the help system, which is written in HTML. This product does not create PDF formats, but does provide a link to users so they can access Adobe and convert. - ThinkVantage Productivity Center - ThinkVantage Away Manager - Documentation is provided in compiled html help format. - IBM ThinkPad UltraNav Wizard - ThinkPad - IBM Keyboard Customizer Utility <p>The following component does not meet this criterion:</p> <ul style="list-style-type: none"> - ThinkVantage Technologies Welcome Screen - No documentation is provided with this component. <p>The following components do not apply to this criterion:</p> <ul style="list-style-type: none"> - ThinkPad EasyEject Utility - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Presentation Director - IBM ThinkPad Configuration - IBM fingerprint software - No documentation is provided with this component. - ThinkPad Video Driver
(b) End-users shall have access to a description of the accessibility and compatibility features of products in alternate formats or alternate methods upon request, at no additional charge.	Supports: Documentation includes a description of accessibility and compatibility features that make it easier for people with disabilities to use the product. Those descriptions are available in alternate formats upon request.	<p>The following components meet this criterion:</p> <ul style="list-style-type: none"> - IBM Active Protection System - IBM Developer Kit for Windows / Java - Accessibility features are documented in the product documentation. This is supplemented by references to on-line Sun documentation. - ThinkVantage System Update - Help Center - Message Center - Access Help - We have a section in the help system that is titled Accessibility Information. This section provides a link to keyboard information provided by Windows. How-to instructions, specifically those mentioning path information are intuitive, whether the user is using a mouse or keyboard. - ThinkVantage Productivity Center - ThinkVantage Away Manager <p>The following components do not apply to this criterion:</p> <ul style="list-style-type: none"> - ThinkPad EasyEject Utility - ThinkPad Hotkey Features - On Screen Display - ThinkPad Software Installer - ThinkPad Access Connections - ThinkPad Presentation Director - ThinkVantage Technologies Welcome Screen

Criteria	Supporting Features	Remarks and Explanations
		<ul style="list-style-type: none"> - IBM ThinkPad Configuration - IBM ThinkPad UltraNav Wizard - ThinkPad - IBM Keyboard Customizer Utility - IBM fingerprint software - ThinkPad Video Driver
(c) Support services for products shall accommodate the communication needs of end-users with disabilities.	<p>Supports:</p> <p>In addition to standard IBM help desk and support Web sites, IBM has established a TTY telephone service for use by deaf or hard of hearing customers to access sales and support services.</p>
