

# AGENDA

## October 28, 2008 (Week 6/Day 2)

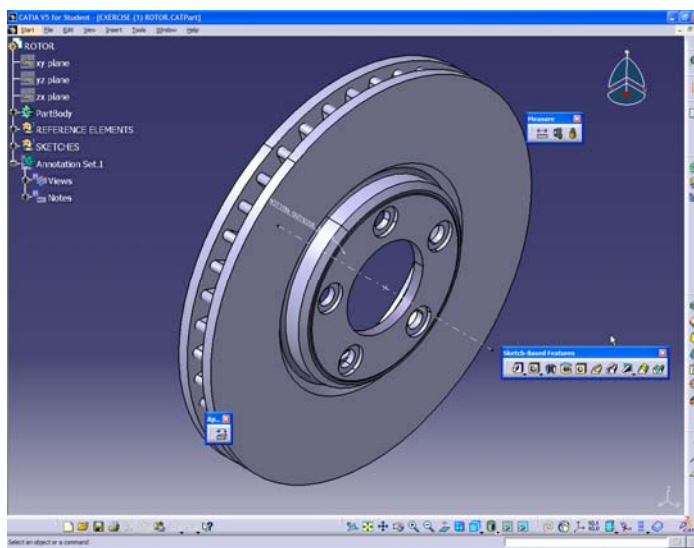

### TECH 310 – The Design Process

1. Last Time: Guest Speaker – Daniel Ochoa Design Engineer II
2. Sketching Geometry in CATIA V5

- Setting up the Workbenches and Desktop sub palettes (house cleaning)
- Create 2D sketch geometry
- Analyze sketch geometry
- Edit existing 2D profiles
- Dimension sketch geometry and modify it with constraints

3. **LAB: EXERCISE ONE “ROTOR” (Focus = LOOP #3)**
  - Part 1 – pages 1 to 70 (download .PDF from class website)
  - Objectives on page 2
  - **Front matter – pages 3 to 26 (We will all go through this at the same time)**
  - **Using ALT & TAB to move between CATIA V5 and .PDF**

4. **NEXT TIME”**
  - Part 2 – pages 71 to 130 (will be available for Thursday’s class)
