Level 4: The response provides evidence that clearly, consistently, and convincingly demonstrates the teacher candidate's ability to select a developmentally appropriate assessment, based on state-adopted academic content standards for students, to measure student learning, plan its implementation, learn about students and make adaptations to the plan based on that information to meet student needs, analyze student evidence and the assessment, and reflect on the assessment experience. The preponderance of evidence provided for each of the following domains is appropriate, relevant, accurate, and clear or detailed. Evidence is purposefully connected and reinforced across the response.

Planning Instruction and Designing Learning Experiences for Students (TPE 8, 9)
The candidate learns about her or his students and uses this information to plan assessment as evidenced by:

- establishing clear and appropriate goals for student learning, based on state-adopted academic content standards for students
- obtaining detailed and relevant information about selected students such as linguistic background; academic language abilities, content knowledge and skills; physical, social, and emotional development; cultural and health considerations; and interests
- planning a relevant and appropriate assessment in relation to the content area and subject matter to be taught and in accordance with state-adopted academic content standards for students
- appropriately adapting the selected assessment to assist students to achieve learning goals and meet all students’ needs

Engaging and Supporting Students in Learning (TPE 6, 7)
The candidate uses and adapts strategies for assessment as evidenced by:

- using relevant and developmentally appropriate assessment practices
- making relevant and appropriate plans for students who have special needs or abilities
- drawing upon detailed and relevant information about students’ backgrounds and prior learning, including students’ assessed levels of literacy in English and their first languages, as well as their proficiency in English, for planning assessment, and allowing students to express meaning, including in their first language
- knowing and applying relevant and appropriate instructional practices for English Language Development

Assessing Student Learning (TPE 3)
The candidate uses assessment to obtain information about student learning and to plan further instruction as evidenced by:

- using assessment results accurately and appropriately to determine student progress and to plan instruction
- providing detailed and accurate feedback, to students and/or to their families, about student academic strengths and areas for growth in relation to the learning goals

Developing as a Professional Educator (TPE 13)
The candidate reflects on the assessment experience and student learning as evidenced by:

- providing detailed and relevant reflection and feedback on the results of the assessment and adaptations made in order to improve assessment skills and teaching effectiveness
Level 3: The response provides evidence that clearly demonstrates the teacher candidate's ability to select a developmentally appropriate assessment, based on state-adopted academic content standards for students, to measure student learning, plan its implementation, learn about students and make adaptations to the plan based on that information to meet student needs, analyze student evidence and the assessment, and reflect on the assessment experience. The preponderance of evidence provided for each of the following domains is appropriate, relevant, or accurate. Evidence is connected across the response.

Planning Instruction and Designing Learning Experiences for Students (TPE 8, 9)
The candidate learns about her or his students and uses this information to plan assessment as evidenced by:
- establishing appropriate goals for student learning, based on state-adopted academic content standards for students
- obtaining relevant information about selected students such as linguistic background; academic language abilities, content knowledge and skills; physical, social, and emotional development; cultural and health considerations; and interests
- planning an appropriate assessment in relation to the content area and subject matter to be taught and in accordance with state-adopted academic content standards for students
- appropriately adapting the selected assessment to assist students to achieve learning goals and meet students’ needs

Engaging and Supporting Students in Learning (TPE 6, 7)
The candidate uses and adapts strategies for assessment as evidenced by:
- using developmentally appropriate assessment practices
- making appropriate plans for students who have special needs or abilities
- drawing upon relevant information about students’ backgrounds and prior learning, including students’ assessed levels of literacy in English and their first languages, as well as their proficiency in English, for planning assessment, and allowing students to express meaning, including in their first language
- knowing and applying appropriate instructional practices for English Language Development

Assessing Student Learning (TPE 3)
The candidate uses assessment to obtain information about student learning and to plan further instruction as evidenced by:
- using assessment results appropriately to determine student progress and to plan instruction
- providing accurate feedback, to students and/or to their families, about student academic strengths and areas for growth in relation to the learning goals

Developing as a Professional Educator (TPE 13)
The candidate reflects on the assessment experience and student learning as evidenced by:
- providing relevant reflection and feedback on the results of the assessment and adaptations made in order to improve assessment skills and teaching effectiveness
Level 2: The response provides evidence that partially demonstrates the teacher candidate's ability to select a developmentally appropriate assessment, based on state-adopted academic content standards for students, to measure student learning, plan its implementation, learn about students and make adaptations to the plan based on that information to meet student needs, analyze student evidence and the assessment, and reflect on the assessment experience. The preponderance of evidence provided for each of the following domains is minimal, limited, cursory, inconsistent, and/or ambiguous. Evidence is weakly connected across the response and may be inconsistent.

Planning Instruction and Designing Learning Experiences for Students (TPE 8, 9)
The candidate learns about her or his students and uses this information to plan assessment as evidenced by:
- establishing some appropriate and some inappropriate goals for student learning, based vaguely on state-adopted academic content standards for students
- obtaining cursory information about selected students such as linguistic background; academic language abilities, content knowledge and skills; physical, social, and emotional development; cultural and health considerations; and interests
- planning assessment that is not clearly or coherently related to the content area and subject matter to be taught and/or is minimally in accordance with state-adopted academic content standards for students
- minimally adapting the selected assessment to assist students in achieving learning goals or the adaptation inconsistently meets students’ needs

Engaging and Supporting Students in Learning (TPE 6, 7)
The candidate uses and adapts strategies for assessment as evidenced by:
- using ambiguous or inconsistent assessment practices
- making inconsistent or minimal plans for students who have special needs or abilities
- drawing upon minimal or cursory information about students’ backgrounds and prior learning, including students’ assessed levels of literacy in English and their first languages, as well as their proficiency in English, for planning assessment, and/or allowing students to express meaning, including in their first language
- a limited knowledge and/or ambiguous application of instructional practices for English Language Development

Assessing Student Learning (TPE 3)
The candidate uses assessment to obtain information about student learning and to plan further instruction as evidenced by:
- using assessment results sometimes appropriately and sometimes inappropriately to determine student progress and to plan instruction
- providing minimal or limited feedback, to students and/or to their families, about student academic strengths and areas for growth in relation to the learning goals

Developing as a Professional Educator (TPE 13)
The candidate reflects on the assessment experience and student learning as evidenced by:
- providing cursory or limited reflection and feedback on the results of the assessment and adaptations made in order to improve assessment skills and teaching effectiveness
Level 1: The response provides evidence that does little or nothing to demonstrate the teacher candidate's ability to select a developmentally appropriate assessment, based on state-adopted academic content standards for students, to measure student learning, plan its implementation, learn about students and make adaptations to the plan based on that information to meet student needs, analyze student evidence and the assessment, and reflect on the assessment experience. The preponderance of evidence provided for each of the following domains is inappropriate, irrelevant, inaccurate, or missing. Evidence is unconnected across the response.

Planning Instruction and Designing Learning Experiences for Students (TPE 8, 9)
The candidate learns about her or his students and uses this information to plan assessment as evidenced by:

- establishing inappropriate or no goals for student learning, that may not be based on state-adopted academic content standards for students
- obtaining irrelevant or no information about selected students such as linguistic background; academic language abilities, content knowledge and skills; physical, social, and emotional development; cultural and health considerations; and interests
- planning inappropriate or no assessment that may not be related to the content area and subject matter to be taught and/or is not in accordance with state-adopted academic content standards for students
- inappropriately adapting, or not adapting, the selected assessment assist students to achieve learning goals and does not meet students’ needs

Engaging and Supporting Students in Learning (TPE 6, 7)
The candidate uses and adapts strategies for assessment as evidenced by:

- using developmentally inappropriate or no assessment practices
- making inappropriate or no plans for students who have special needs or abilities
- drawing upon irrelevant or no information about students’ backgrounds and prior learning, including students’ assessed levels of literacy in English and their first languages, as well as their proficiency in English, for planning assessment, and/or allowing students to express meaning, including in their first language
- knowing and applying inappropriate or no instructional practices for English Language Development

Assessing Student Learning (TPE 3)
The candidates uses assessment to obtain information about student learning and to plan further instruction as evidenced by:

- using assessment results inappropriately or not at all to determine student progress and to plan instruction
- providing inaccurate or no feedback, to students and/or to their families, about student academic strengths and areas for growth in relation to the learning goals

Developing as a Professional Educator (TPE 13)
The candidate reflects on the assessment experience and student learning as evidenced by:

- providing irrelevant or no reflection and feedback on the results of the assessment and adaptations made in order to improve assessment skills and teaching effectiveness
