Governing documents: Articles 12, 15, and 35 of the Collective Bargaining Agreement between the California State University and the California Faculty Association.

Temporary full-time and part-time faculty shall be provided with written statements from the department/division chair or school director, or college dean specifying, as far as can be determined in advance, courses to be taught, class size and schedule. Temporary full-time faculty also shall be informed of their expected extra-instructional support duties (e.g., advisement, committee assignments).

Working Conditions. Since the teaching responsibilities of temporary full-time and part-time faculty are the same as those of the regular faculty insofar as their courses are concerned, they should be provided with facilities and services consistent with the performance of their duties. Temporary full-time and part-time faculty shall have participatory rights in department/division/school meetings, but they are not required to attend such meetings, except that voting rights shall be subject to department/division/school, college, and university regulations and the Agreement between CSU and CFA. Part-time faculty may not, however, be required to attend such meetings. Voting rights for temporary faculty are outlined in the policy on voting rights.

Official personnel files for all temporary full-time and part-time faculty members shall be maintained in the office of the college dean.

Employment as a temporary faculty member at California State University, Los Angeles includes the teaching of assigned classes, being available to students during scheduled office hours, and fulfilling other duties as agreed to by the temporary faculty member with the respective department/division/school.

Temporary faculty members may not engage in any outside activities that adversely affect the performance of their duties at Cal State L.A. Such activities include, but are not limited to, excessive employment and those activities that are unprofessional and therefore incompatible with the aims and objectives of the institution.

All temporary faculty members appointed full-time at the University shall be required to provide a written statement to the appropriate administrator of all outside employment, where such outside employment is expected to amount to more than 160 hours per semester for faculty holding academic year or ten month appointments.
