GOALS

- 8+ Years
- 7-Year
- 6-Year
- 5-Year
- 4-Year
- <=3 Year

Yearly distribution for cohorts from 2006 to 2013, showing the percentage of students graduating within different time frames. The goal is to increase the number of students graduating within 4 years by the years 2019 and 2021.

The Office of the Institutional Research at California State University, Los Angeles provides comprehensive data about the University as well as analytical tools and services which influence the campus community’s planning and decision-making efforts to achieve the University’s mission and goals. Additionally, it reports data to various government, private, and public entities to fulfill accreditation standards by the Western Association of Schools and colleges as well as the accrediting bodies for its academic programs.

The Program Planning Data Site is an interactive reporting tool that permits users to retrieve data including, but not limited to, College-Specific Data and Course.

The CSU Student Success Dashboard provides visual analytics to better understand the problem of low graduation rates, improve institutional support, and

The IR Dashboards provides visual analytics using Tableau.
