Section 1194.31 Functional Performance Criteria
Detail Voluntary Product Accessibility Template

1. Criteria (a) [Supported]
   At least one mode of operation and information retrieval that does not require user vision shall
   be provided, or support for Assistive Technology used by people who are blind or visually
   impaired shall be provided.

   Explanations
   All information provided by the application is either text or labeled markup. Support for screen
   readers is provided.

2. Criteria (b) [Supported]
   At least one mode of operation and information retrieval that does not require visual acuity
   greater than 20/70 shall be provided in audio and enlarged print output working together or
   independently, or support for Assistive Technology used by people who are visually impaired
   shall be provided.

   Explanations
   ZOOM functionality provided by the web browser accomplish this need. Support for screen
   readers is provided.

3. Criteria (c) [Not applicable]
   At least one mode of operation and information retrieval that does not require user hearing
   shall be provided, or support for Assistive Technology used by people who are deaf or hard of
   hearing shall be provided.

   Explanations
   Operation of the Application does not require user hearing.

4. Criteria (d) [Not applicable]
   Where audio information is important for the use of a product, at least one mode of operation
   and information retrieval shall be provided in an enhanced auditory fashion, or support for
   assistive hearing devices shall be provided.
Explanations
The Application does not utilize or employ any audio or audio information.

5. Criteria (e) **[Not applicable]**
   At least one mode of operation and information retrieval that does not require user speech shall be provided, or support for Assistive Technology used by people with disabilities shall be provided.

   **Explanations**
   Operation of the Application does not require Speech.

6. Criteria (f) **[Supported]**
   At least one mode of operation and information retrieval that does not require fine motor control or simultaneous actions and that is operable with limited reach and strength shall be provided.

   **Explanations**
   The application can be run with simple keystrokes (e.g., tab, space, alpha keys, ALT) and does not require fine motor controls or simultaneous actions.

Section 1194.41 Functional Performance Criteria
Detail Information, Documentation, and Support

1. Criteria (a) **[Supported]**
   Product support documentation provided to end-users shall be made available in alternate formats upon request, at no additional charge.

   **Explanations**
   Support documentation is available through the application in HTML, PDF and Doc formats in our community portal at no additional charge.

2. Criteria (b) **[Supported]**
   End-users shall have access to a description of the accessibility and compatibility features of products in alternate formats upon request, at no additional charge.
Explanations
A description of the accessibility and compatibility features in alternate formats will be provided on request, at no additional charge.

3. Criteria (c) **[Supported]**
Support services for products shall accommodate the communication needs of end-users with disabilities.

Explanations
CampusEAI provides technical support for all of its products through e-mail, voice (telephone), documentation, and off/on-site training.
