Jobs & Internships Opportunities for MBA students

“Helping our Placement Officer find a job or an internship for one of our students is the ultimate win-win situation, for the employer and student alike.” - James Goodrich, Dean

Los Angeles Global Business Hub

Los Angeles is one of the largest business centers in the nation, and Cal State L.A. is only 5 miles away from national scaled firms and companies. Our placement Services office offers a variety of services for graduate students who want to be the workforce leader of tomorrow. We have built long lasting relationships with local employers and CSULA Business alumni.

2014 Job Placements and Recruitment

- NASA/JPL (long term partner)
- Boeing
- Top tier accounting firms
- Cedar-Sinai Medical Center
- White Memorial Medical Center

We make it a point to identify Cal State L.A. alumni from the College of Business & Economics to come back and recruit

“I recently received an offer to work as an intern at NASA/JPL. Cal State L.A.’s CBE Placement Services provided me with the opportunity to interview, and the advice placement coordinator Lorin Leone gave me prior, really helped me obtain a second in-house interview at JPL. It goes to show that there are many opportunities that Cal Stat L.A. has to offer, it really is up to you if you have the drive to pursue them.”

**David Carlos, Intern
NASAJPL**

“We’ve been in business for over a century, primarily due to a culture that recruits candidates with passion, and a commitment to excellence. CSULA Students have just that.”

**Leonardo Medina
Human Resources, UPS**

WHAT STUDENTS ARE SAYING?

RAYMOND NGAW
MBA

“Through Cal State L.A. College of Business Economics Placement Services office, I was able to land a wonderful internship opportunity with Boeing. The speed of the process was what impressed me. Within two weeks of the first appointment, all the paperwork was handed in to Boeing ready to go. A few days later, I personally received a call from one of the managers with an offer.”

GLEN D'SILVA

MBA INTERNSHIP, AEROSCRAFT

“An internship like this brought me worldwide perspective on what’s to come after I graduate. I’m using this internship with Worldwide Aeros as a stepping stone for my career in CIS. I really appreciate this opportunity. It’s all about creating value as far as my job opportunities are concerned. Thanks to Cal State LA, I was given that chance.”

“I’m extremely proud to say that I am an Alumni of Cal State L.A.” The CBE taught me the fundamentals of Business and the science of Management, which has been integral in the advancement of my career to this day. “

REMI DE LA ROCHA, MBA STUDENT

“I recently received an offer to work as an intern at NASA/JPL. Cal State L.A.’s CBE Placement Services provided me with the opportunity to interview, and the advice placement coordinator Lorin Leone gave me prior, really helped me obtain a second in-house interview at JPL. It goes to show that there are many opportunities that Cal Stat L.A. has to offer, it really is up to you if you have the drive to pursue them.”

DAVID CARLOS, INTERN, NASAJPL

“My CSULA experience was a truly rewarding opportunity.” I have learned not only accounting and business, but also valuable life skills from the Cal State professors.”

MANUELA MARKARIAN, MS ACCOUNTANCY, 2013, HARGRAVE & HARGRAVE, AAC

“The Global Technology Delivery Group at Xerox Corporation recruited me for a Summer Internship role as an IT Engineer at their office in Rochester, NY. It was a perfect internship where I applied all the technical and managerial skills I gained through my specialized Master’s in Information Systems at California State University, Los Angeles.”

SIVAMALLIK INDURU

MSIS STUDENT
