Autism and Behavior Support Services

Applied behavior analysis (ABA) is a comprehensive approach to improving the lives of individuals and families living with autism. Combining psychological, educational, and developmental techniques, this therapy teaches effective social, motor, language, communication and cognitive skills. Studies have shown ABA to be a proven treatment and the method of choice for treating individuals with Autism Spectrum Disorder (ASD) at any level.

Commitment to Customized Care
Each individual is unique, so we develop service plans on a case-by-case basis. Our caregivers will work with individuals and families, and can collaborate with other professionals to develop a treatment plan to meet their specific needs. Together, we will match each service recipient with the best team of care providers available.

All of our caregivers pass a rigorous and thorough training program. As an added level of support and oversight, our team of directors and supervisors, including Board Certified Behavior Analysts, will continually evaluate and lead care.

How We Help
Our Board Certified Behavior Analysts and Behavior Technicians utilize evidence-based practices in order to:
- Increase skills in language, play and socialization
- Decrease challenging behaviors that interfere with learning and daily functioning
- Reduce or eliminate ritualistic or self-injurious behaviors
- Increase attention span
- Increase independence and improve adaptive skills

The Maxim Advantage
- 24-hour services, including all holidays and weekends
- Trained and screened professionals
- Award-winning compliance and ethics program
- Flexible payment options, including the acceptance of most insurances
- Management of billing and authorization tracking

“The staff are the most compassionate, caring and experienced I’ve ever worked with.”
PARENT OF A MAXIM PATIENT

About Us
As a national provider of a comprehensive suite of services, we have been making a difference in the lives of our employees, caregivers and patients for 30 years. We offer services including home healthcare, behavioral care, healthcare staffing, personal caregiving, and population health and wellness. Our commitment to customer service, compassionate patient care, and staffing experienced healthcare professionals has made us an established resource in the healthcare industry.
