New Users
Start by creating a username and password, which you must remember – your username must be an email address. Then, continue to build your profile much like you would a resume, making sure to complete all asterisked (*) items.

To complete your registration, you must enter your Access Code at the bottom of the profile page. **Your Access Code consists of the first letter of your first name in CAPS, the first letter of your last name in CAPS, plus the last six (6) digits of your Campus Identification Number (CIN).**

**Example:** The student is Maria Stone and her CIN is 123456789.

Her Access Code is MS456789.

(put your access code here)

This Access Code gets you into the system. After doing so, you no longer need the Access Code.

Returning Users can enter the same username and password you have already established.

Alumni can access Golden Eagle CareerLink using the same directions as above.
