New Housing Construction Updates
Construction for Student Housing East (SHE) is underway on the Eastside of Phase I and Lots 7 and 7a. The new buildings will incorporate traditional-style housing for first-year and sophomore students. Students are able to view updates regarding construction and noise, photos of the construction progressions, any service interruptions that may affect the community, and information on where and how to report an issue related to the ongoing construction.

Residents who live in Phase I, Eastside and face parking lot 7A, please keep your windows, blinds and sliding doors closed to prevent dust and minimize noise from entering your apartments.

At this time, you can expect high noise levels due to jack hammering and breaking concrete. For your safety, do not move or cross any barricades.
