

IRBNet WORKSHOP- PART II

INSTITUTIONAL REVIEW BOARD-HUMAN SUBJECTS (IRB)

HONORS COLLEGE

An Introduction to IRBNet for Online Submissions of IRB Applications

The use of human subjects in research requires that we assess risk to and protect the rights of research subjects. Applications to use human subjects in research has moved from paper IRB protocol submissions to electronic submission via IRBNet in order to streamline the submission, review, and approval processes.

Presented by

Elia Amaro, M.S.A.

Research Support Services Coordinator
Office of Research and Development

When: Tuesday, May 10 at 3:15 p.m.
