1. 1.1 The Chair's Announcements:

ANNOUNCEMENTS

1.1.1 The Senate membership list for this quarter shows Oscar Bernal as one of the representatives for the College of Natural and Social Sciences, however, we have just learned he has a class conflict and that C.R.D. Halisi will be serving as his alternate for the remainder of the quarter.

1.1.2 Following is a response from Joan Woosley, Director of Admissions and University Registrar, to the question raised on April 22:

"This is sent in response to Senator Zepeda's question, 'Would it be possible to make a course permitted or restricted once the class has met for the first time?'

"Yes, instructors, upon approval of the appropriate Department Chair, may restrict open course sections beginning the first day of instruction for the term. This restriction can be placed on the individual course section in OASIS and would result in all students having to obtain the instructor's permission in order to officially enroll, regardless of whether there are seats available. This type of course restriction process is the same as the one utilized during the second week of the quarter when all course sections require the instructor and department chair approval before a student may enroll.

"Thank you for the opportunity to respond."

1.1.3 I am pleased to announce that on May 20th, Harold Goldwhite, Professor of Chemistry at CSULA and the Faculty Trustee (currently serving on CSU's Board of Trustees) will address the Academic Senate on the current state of the CSU and the actions and activities of the Board of Trustees.

1.1.4 The Executive Committee is requested to meet today for a few minutes following the Senate meeting.

1.2 Senator Dewey announced: I think the Senate will be pleased to know that we now have a fourth member of our faculty in the Statewide Senate – Len Mathy has been elected as the first Emeriti representative of the Senate for a three-year term ending in 2006. It is very fitting since Len was the first Chair of this body (when it may have been called the Faculty Council) and the first Chair of the Statewide Senate.

1.3 Senator Taylor announced: The Leon Pape Memorial Lecture will take place this Friday, May 9th at 2:00 p.m. in Physical Science room 158. This is an annual event and this is the 20th lecture. The speaker this year will be Lene V. Hau the 2001 MacArthur Fellow and Gordon McKay Professor of Applied Physics and Professor of Physics at Harvard University. Dr. Hau will present a lecture on "Light at Bicycle Speed...and Slower Yet!" We will have a reception afterwards in the Roybal Center for all who want to attend.

ANNOUNCEMENTS (Continued)

1.4 Associate Vice President Winnick announced: It was brought to my attention that there is a rumor going around that there is a freeze on all hiring, that we will not be doing any new faculty searches this year and for the next year. I don't know where that came from. This year we currently have about 32 to 33 offers out and of these I think we have 17 acceptances as of this morning. We have about 12 to 13 that we are waiting to see if they will all be filled. But this is just a rumor – about next year, we haven't had that conversation yet; there hasn't been any discussion about not searching for next year. We are continuing with the current searches at this point but we don't know in terms of FERPs and retirements - we have to wait to see what money is available for the rest of this year - but as far as next year goes, it is just a rumor that is going around and I thought I would do my best to stop it.

1.5 Dean Selkin announced: Anyone who would like to commit a revolutionary act is invited to come and see "El Grande de Coca Cola" on our Pepsi campus. It will be presented in the Arena Theatre Thursday, May 8th, through Saturday, May 11th, at 8:00 p.m. and again Thursday, May 15th, through Saturday, May 17th. Tickets are available at the Box Office.

Also this week, we invite you to the CSULA Opera Theatre's production of "The Medium" by Gian Carlo Menotti, Thursday, May 8th, through Saturday, May 10th, at 8:00 p.m.

Tonight at 6:30 p.m. Harryette Mullen will be our guest at the Jean Burden Poetry Reading in the Alumni Lounge of the University Student Union. She teaches creative writing and African-American Literature at UCLA and has published five books of poetry and won the Gertrude Stein Award in Innovative American Poetry, 1994-95. Her latest book, *Sleeping With the Dictionary*, has been nominated for three awards this year: The National Book Award, National Book Critics Circle Award, and the L.A. Times Literary Award. A reception and book signing will follow the reading.

INTENT TO RAISE QUESTIONS

2. Senator Ponce announced his intent to raise the following question of the Vice President for Administration and Finance:

I would like to present the rationale for the question that has to do with the free CSULA shuttle which is paid for from student fees or from parking citations – and student fees are going to continue to rise anyway which is going to impact students. The questions for the University are:

- (1) Is it ethical to provide faculty and staff with a free shuttle but not the students?
- (2) What is the rationale for canceling the free shuttle in the first place?
- (3) Will the University consider back the shuttle once more?

APPROVAL OF THE MINUTES

3. It was m/s/p (Faust) to approve the minutes of the meeting of April 29, 2003 (ASM 02-17).
