Chair Baaske convened the meeting at 1:31 p.m.

1. 1.1 The Chair’s Announcements:

1.1.1 The Chancellor’s Office is searching for a Faculty Director of the Chancellor’s Doctoral Incentive Program (CDIP). This is a half-time position, renewable for up to 3 years. The Director works closely with the CDIP staff to improve recruitment into the program, develop, monitor, and implement program policies and procedures, and enhance the competitiveness of program participants for CSU faculty positions.

The Chancellor’s Office particularly encourages former CDIP loan recipients and those with experience as CDIP faculty mentors to apply. Since it is a half-time position, they can also consider FERP participants provided their FERP assignment is year-round. The application deadline is April 18, 2014.

For more information, please contact Dr. Phil LaPolt.

1.1.2 Following is the response from the Executive Committee to the questions raised by Senator Baker-Cristales at the Academic Senate meeting on February 11, 2014:

Questions:
Why did the Senate Executive Committee decide to make clickers mandatory for Senate voting without consultation from the entire body?
Can the use of clickers be brought to a vote?

Response:
As previously indicated, there are a number of reasons why the Executive Committee chose to employ clickers starting with the first meeting of the winter 2014 term. Generally, the rationale had to do with efficiency and integrity of the voting process.

The Executive Committee did not consult with the Senate about this decision because the Executive Committee felt it was acting within its authority to set the Senate agenda and in its advisory role to the Chair regarding the conducting of the Senate’s business. In addition, the turnover from quarter to quarter is such that it is difficult for the Chair and the Secretary to determine who is eligible to vote and who is merely a guest at any specific meeting. It was also the judgment of the Executive Committee that the use of technology was an extension of the voting procedures utilized in the past when, for example, candidates are ranked by writing on card ballots. Finally, the Senior CSULA Statewide Senator also informed the Executive Committee that clickers are used for the election of officers in the Statewide Senate. This change was made by the Executive Committee of the ASCSU without a change to their constitution and without a vote by the membership.

All decisions made by the Executive Committee and/or the Chair relating to the agenda and to how the Senate’s business is conducted can be overturned by a majority of the Senate, so any Senator can ask for a vote on the use of clickers. A Senator would ask “Rise to a Point of Order” and, when recognized, ask for a “Ruling of the Chair” regarding the use of clickers. If that Senator was not satisfied by the ruling of the Chair, the Senator could ask...
to “Appeal the Decision of the Chair.” If the motion is seconded, the body would then debate whether or not to sustain the decision of the Chair. Sometimes, according to Robert’s Rules, the arguments in opposition to the Chair’s ruling are so compelling that the Chair changes the ruling and a vote is not necessary. If a vote is held, the majority determines whether or not the Chair’s ruling is sustained.

1.1.3 Based on the results of the college elections, the following faculty have been nominated for two Senator-At-Large positions that will become vacant at the end of Summer 2014. The elected faculty will serve a three year term ending Summer 2017.
