5. Update Reports
   5.1 ASI Liaison – Sosseh Didarloo reported that students are not satisfied with the 2-hour book reserves. The 2-hours does not give students enough time. Can the Library extended the time period?

   Chair Yu responded that the hours are determined by the faculty. Faculty can indicate the length of time for items for reserves, 2-hours, 1 day, etc. During the 2-hour period, students can study the materials, make copies at a cost or scan the materials for free and save to USB drive. Students can request for another 2-hr period if it is not requested by another student. It was also recommended that students can work in group and each person can reserve the material for each 2-hr increments.
