R. Ledesma reported the committee is discussing policies such as repeat course petition; credit by examination etc. Other discussion items are the mandatory early start program, course caps and semester conversion.

8.2. Academic Advisement Subcommittee

The committee is still discussing the Academic Advisement Proposed Integrated plan. The AAS had some questions for the Student Policy Committee:

1. Priority Registration - Given that 40% of seats are gone after priority registration is closed, students often struggle to get into the classes they need. AAS would like to know how many students are given priority registration? On what basis? Is this appropriate and necessary for everyone?
2. Reinstatement/Disqualification – AAS would like more information about the changes and what is being done to notify students of these policies.

8.3. Associated Students, Inc.

M. Pomirchy announced there are still vacant positions available for both undergraduate and graduate students. Please encourage your students to apply. The applications are on-line. The new ASI Calendar of Events is now available.

9. AB540

The committee agreed to share the CSU Long Beach link on available resources for AB540 students as an informal way of assisting students on the many resources available to them.
