\*The Department of Anthropology requires majors to complete 12 units of a language other than English. Students can comply with these requirements by presenting proof of having completed three years of modern language study in high school or receiving a score indicating at least 2<sup>nd</sup> year proficiency on the college level foreign language placement test as an acceptable equivalent. And additional acceptable equivalent can be the successful completion of three upper division courses in linguistics: ANTH 470/ENGL 403, ANTH 471/ENGL 400, AND ANTH 472. Students who do not complete any units in foreign language at CSULA will need to complete four more units of GE Block C than listed above. Students who complete 8 units of foreign language can do one less class in GE Block C than listed above. Students who complete 12 units of foreign language can use those units to fulfill the GE Block C requirements and do not need to take other Block C classes.

\*\* Students will need to complete a diversity (d) class in this block.
