 RE: **Updated Information about Summer 2010**

This notice is to provide you with some important information regarding Summer 2010.

As many of you know, Cal State L.A., along with the other 22 CSU campuses, faces some very serious budgetary challenges in the upcoming academic year. In addition to a significant budget reduction, we are being required to reduce enrollment for 2010-11 by 9.5 percent. In an attempt to manage this difficult situation, while trying to minimize the impact on student progress towards degree, the campus has decided to move from a state-supported summer term to a predominantly self-supported summer term offered through the Division of Extended Education. There will be limited state-supported course offerings by some of the Colleges.

Here is some important information for you:

- The summer term will begin on June 21. It will offer one ten-week session and two five-week sessions.
- Students who complete their graduation requirements during the summer term will be allowed to graduate at the end of the summer session.
- All the usual processes for matriculated student for registration, receipt of payments, applying for financial aid, etc. will be used.
- State University Grants, Pell Grants and direct loans will be available to students who qualify.
- Fees for the summer term were set by the Chancellor's Office on January 14, 2010, as follows :

Summer 2010 Undergraduate Student Fees¹	Summer 2010 Credential Student Fees¹	Summer 2010 Graduate Student Fees¹	Summer 2010 Nonresident Fees¹
\$150 course fee /unit	\$173 course fee/unit	\$184 course fee/unit	\$442 Course fee/unit
\$60 instructional support fee/unit	\$60 instructional support fee/unit	\$60 instructional support fee/unit	N/A
\$203.90 campus mandatory fees/student ²	\$203.90 campus mandatory fees/student ²	\$203.90 campus mandatory fees/student ²	\$203.90 campus mandatory fees/student ²

¹ The CSU makes every effort to keep students costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when funding is inadequate. Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fee for summer quarter, without notice, until the date when instruction for summer quarter has begun. All CSU listed fees should be regarded as **estimates** that are subject to change.

² Campus mandatory fees include fees for the following: Student Health Center, Health Facilities, Athletics, Instructional Related Activities, Associated Students, and University-Student Union.

- Complete and continually updated information about this summer term will be available on the Summer 2010 website, www.calstatela.edu/exed/summer2010
- A workshop will be scheduled for Academic Affairs and Student Affairs staff to provide additional information regarding the summer session.
- A series of advertisements will be published in the *University Times* to ensure that students are informed about the summer term's course offerings.
- All students will receive emails to their CSULA mailboxes informing them about the summer session.
- A preliminary schedule will be made available to students via the website on March 1, and a link on the University's home page will connect to registration information.
- In a self-supported summer term, courses may be cancelled up to the third day of class, based on enrollments.

More information will be provided to the campus community as it becomes available.
