College of Professional and Global Education

Mission Statement
The College of Professional and Global Education provides flexible, relevant, and practical educational pathways, preparing individuals and organizations to engage, serve, and succeed in the regional and global economies.

Vision Statement
We aspire to be the hub for new and innovative educational programs, connecting the distinctiveness of the University and Los Angeles with the world.

Message from the Dean
The College of Professional and Global Education (PaGE) offers a wide array of programs and educational pathways to meet the diverse needs of learners at every stage. Whether you are an international student interested in pursuing study in the U.S., a resident student seeking to study abroad, a professional looking to enhance your skills, a former student looking to complete your degree, a community member interested in taking classes at Cal State L.A. or you are seeking personal enrichment, PaGE can help you to achieve your goals.

As one of the eight colleges at Cal State L.A., PaGE has the unique mission of providing continuing higher education classes and programs to individuals, businesses, government, and non-profits in the Greater Los Angeles area and beyond. PaGE also serves as the liaison to international students and partners for the Cal State L.A. campus. We provide a variety of opportunities for international students to study in Los Angeles as well as study abroad and exchange programs for Cal State L.A. students. Students and community members can also take advantage of access to Cal State L.A. classes via two programs administered by our College: Open University and Summer Session.

Regardless of where you are in your personal journey, I invite you to explore the many classes and programs offered by our College. If there is an educational need that you believe is not being met in the region, please feel free to contact me to discuss how Cal State L.A. and PaGE can help fulfill that need.

Eric A. Bullard, Ph.D.
Dean
Professional Education & Enrichment

The College of Professional and Global Education offers a broad array of professional development courses, certificate programs, and degree programs spanning a wide variety of fields including health care, legal, business administration, education, and much more. Real-world skills taught by practitioners and industry experts provide working professionals with the training they need to succeed in the local and global market.

The accelerated and flexible formats of our certificate programs offer professionals the opportunity to move into a new career field or build upon existing skills for career enrichment or advancement. Our degree programs are designed for busy adults, offering them a convenient pathway to achieve a degree and advance in their careers.

“As we become more of an interconnected global community, it has become critical to prepare students to become engaged, multicultural global citizens and leaders.”

Amy Wang, J.D.
Director, International Office
English Language Program

The English Language Program (ELP) at the College of Professional and Global Education provides affordable English as a second language (ESL) instruction to students whose native language is not English, in a non-credit, intensive, multi-skills academic program specifically designed to prepare students for entrance and success in the English-medium at the college and university level.

The ELP also provides custom, intensive short-term academic language programs for foreign universities, as well as non-academic language and culture programs to foreign companies and organizations.

Learn more at: www.calstatela.edu/ELP

"Learning a language gives students an invaluable experience of the world. It opens doors to other cultures, communities, and educational opportunities."

Aaron B.W. Ostrom, Ph.D.
Director, English Language Program
Partnerships
