### University Mission Statement

The University strives to promote understanding of, and respect for, racial, ethnic, cultural, and gender diversity and to serve the changing needs of a global society. Recognizing that true equity transcends equal access, the University provides support services, which help a diverse student population to succeed in University study.

The University is committed to providing students with a balanced educational experience including co-curricular activities, which contribute to personal enrichment, such as student organizations, campus residence life, artistic events, multicultural events, intercollegiate athletics, and intramural activities.

California State University, Los Angeles is committed to fostering ethical behavior among administrators, faculty, staff and students. The campus collegial governance structure, therefore, adheres to the principles of academic freedom and professional ethics consistent with the responsibilities of an academic community.

## **Policy on Alcohol and Illegal Drugs**

In accord with the Drug-Free Workplace Act of 1990 and Section 120a of the Higher Education Act, California State University, Los Angeles provides the following notification to all its students, faculty members, staff members and administrators:

### ***Standards of Conduct***

University standards prohibit the unlawful possession, manufacture, cultivation, use, or distribution of illegal drugs (as those terms are defined by State and Federal laws) on campus property. The University also prohibits the illegal possession, distribution and consumption of alcoholic beverages.

### ***Illegal Drugs***

Federal and State laws on drug abuse provide for stringent penalties for illegal possession, manufacture, cultivation, sale, transportation, use of/administration of any narcotic drug; more stringent penalties for those convicted of previous narcotics offenses than for first offenders; and extremely stringent penalties for those who in any way involve minors in the use of narcotics.

A person is subject to prosecution if he or she illegally uses or is under the influence of narcotics, or knowingly visits a place where illegal narcotic use is occurring. Marijuana and other illegal organic substances are covered by similar laws, and there is an additional violation against the cultivation or processing of these drugs in this state. The barbiturates (e.g. yellow jackets, red devils) and amphetamines (e.g. bennies, dexies, etc.)—called restricted dangerous drugs in the California Narcotic Act—are similarly covered; penalties for those convicted of illegal possession, manufacture, cultivation, sale, transportation, use or administration of these drugs are severe. In 1966, LSD and related hallucinogenic drugs were added to the list of restricted dangerous drugs, and their use for other than authorized research was prohibited by California law.

### ***Alcohol***

The University's policy with respect to alcohol follows the laws of the State of California and the City of Los Angeles. All persons, regardless of age, or status

are governed by these laws and regulations. State and city laws, prohibit (1) the purchase or sale to, possession of, or consumption of alcoholic beverages by anyone under 21; (2) the serving of alcohol to an already intoxicated person; and (3) the manufacture, use or provision of a false state identification card, driver's license, or certificate of birth or baptism. If convicted for violating these laws, punishment—up to and including jail sentence—may result.

### ***Health Risks***

The serious health risks of various illegal drugs and alcohol are well-documented. Use of illegal drugs or excessive use of alcohol can damage the following:

- *Physiological processes* including functioning of the brain, digestive tract, liver, heart, and lungs;
- *Psychological and mental processes* including memory, judgment, personality, reproduction capability and fetal development (and may induce psychotic episodes).

Many thousands of deaths each year are either directly or indirectly attributable to substance abuse through accidents, illnesses, and violence. Brochures describing the specific health effects of various illegal drugs and of alcohol are available in the Health Center, the University-Student Union and in Residence Life.

### ***Counseling and Medical Assistance***

The University's interest in the educational welfare of its students is demonstrated through primary concern for remedial measures. The University makes available the full counseling and medical resources to assist students in constructively confronting problems leading to involvement with drugs or alcohol. Every student concerned about problems resulting from the use of illegal drugs or alcohol is encouraged to seek help from the Health Center at (323) 343-3302. The Health Center will treat such voluntary calls from the students confidentially and not subject them to disciplinary action. The Health Center also maintains a complete listing of referral resources in the community that can provide students with specific assistance once an assessment has been made by a physician or counselor.

**Disciplinary Sanctions**

*Illegal Drugs:* State law (Section 41301, of Title 5, California Code of regulations) allows the University to take disciplinary action, up to and including suspension or expulsion, against any student who sells or knowingly possesses any illegal drug while on campus property. University action may be taken whether or not independent action is taken by civil authorities. Conviction in a criminal court does not necessarily preclude University disciplinary action.

*Alcohol:* University Administrative Procedure 19, Use of Alcoholic Beverages on Campus, explains the restrictions beyond City and State laws that govern the possession and use of alcohol on campus. Alcoholic beverages may only be sold at approved catered events. Also, when a recognized student club sponsors an on-campus event, attendance is limited to members of that club and their guests. Organizations violating this policy may be subject to administrative action ranging from probation to removal of official recognition. Individuals who violate Procedure 19 are subject to disciplinary action up to and including suspension or expulsion (*Source: 2000-2001 Eagle Planner and Handbook*).

The use of alcoholic beverages must be in compliance with California State law and is strictly limited to persons 21 years of age and older.

**Hate Crimes and Hate Incidents**

A part of the mission of the Department of Public Safety is to ensure all persons are protected regardless of their ethnicity, race, national origin, religion, sex, sexual orientation, or disability. In furtherance of this mission, all “hate” crimes and incidents will be thoroughly investigated, reported and prosecuted.

**Policy on Campus Violence**

California State University, Los Angeles (Cal State L.A.) is committed to creating and maintaining a working, learning, and social environment for all members of the University community which is free from violence. Civility, understanding, and mutual respect toward all members of the University community are intrinsic to excellence in teaching and learning, to the existence of a safe and healthful workplace, and to maintenance of a campus culture and environment which serves the needs of its many constituencies. Threats of violence or acts of violence not only impact the individuals concerned, but also the mission of the University to foster higher education through open dialogue and the free exchange of ideas.

The University prohibits—and will take decisive action to eliminate—verbal harassment, violent acts, threats of violence, or any other behavior which by intent, action or outcome harms another person. Such conduct is subject to disciplinary action up to and including dismissal from employment, expulsion from the University, or civil or criminal prosecution as appropriate. The University has no tolerance for violence against and by members of the University community. The University will work to prevent violence from occurring and will ensure that Federal and State laws, as well as University regulations prohibiting violence, are fully enforced. In determining whether conduct constitutes a credible threat or act of violence, the circumstances surrounding the conduct will be considered.

Established University faculty, staff and student and Department of Public Safety procedures will be used to resolve situations of violence or threats of violence. Each allegation of violence or threat of violence will be taken seriously. Individuals are encouraged to report acts of violence, threats of violence, or any other behavior which by intent, act or outcome harms another person.

*(Approved by the Cal State L.A. Academic Senate and President James M. Rosser – Summer 1996)*

## Policy on the Prohibition of Sexual Harassment

---

California State University, Los Angeles, will take action to prevent and eliminate sexual harassment, as mandated by the Chancellor's Executive Order No. 345. Sexual harassment is conduct subject to disciplinary action, including termination. Sexual harassment\* includes but is not limited to:

- Unwanted sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature.
- Any act which contributes to a workplace or learning environment that is hostile, intimidating, offensive, or adverse to persons because of the sexual nature of the conduct.
- Conditioning an act, decision, evaluation, or recommendation on the submission to or tolerance of any act of a sexual nature.

Although this policy focuses on the treatment of persons lacking or holding lesser authority by persons possessing greater authority, it does not preclude the possibility that sexual harassment may also be perpetrated by persons lacking or holding lesser authority, e.g., employee, student, or applicant. In determining whether conduct constitutes sexual harassment, the circumstances surrounding the conduct are considered. The prohibition against sexual harassment applies to all transactions of University business, whether on or off campus. Individuals with supervisory authority are responsible for reporting a formal complaint about sexual harassment to the Office for Equity and Diversity. Failure to do so may lead to appropriate administrative action. Specific rules and procedures for reporting charges of sexual harassment and for pursuing available remedies are available in the following locations: Human Resource Management, Office for Equity and Diversity, Office of the Vice President for Student Affairs, University Counseling Center, and Women's Resource Center.

*James M. Rosser, President: Approved November 4, 1981; December 13, 1993; September 9, 1996*

*\* The parameters of "sexual harassment" are legally defined by State and Federal statutes and court decisions. While the policy set forth above describes actions that fall generally within the scope of "sexual harassment," all CSU employees and students are required to conduct themselves in a manner that avoids sexual harassment as defined by State and Federal law.*

## Policy on Sexual Assault

---

California State University, Los Angeles is committed to creating and maintaining a learning, working, and social environment for all members of the University community that is free from sexual assault. Any person who is believed to have committed sexual assault on campus, on off-campus grounds or facilities maintained by the University, at facilities maintained by affiliated student organizations, or at off-campus University-related activities is subject to University sanctions and criminal and civil prosecution. Any person who has committed sexual assault in violation of this policy is subject to arrest and prosecution. University-affiliated organizations and contractors who fail to take appropriate disciplinary action against their own employees who have committed sexual assault in violation of this policy may have their affiliation and/or contracts revoked.

Any student or employee who is believed to have committed sexual assault in violation of this and any other California State University, Los Angeles policy also shall be subject to disciplinary action, up to and including expulsion for students, and up to and including termination for employees. In any disciplinary proceeding taken against a student or employee based on alleged sexual assault, the accuser and accused shall enjoy the same opportunities to have others present during the proceedings (at their own expense), and shall be informed of the outcome of the proceeding, including any penalty to be imposed. Sexual assault and rape are described and defined in full by the California Penal Code.

The University is committed to providing victims of sexual assault and attempted sexual assault with survivor services and resources.

**University Police**

The department met the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA) state-of-the-art standards. This voluntary process to gain accreditation is a highly prized recognition of law enforcement professional excellence. The process is designed to help formalize essential management practices; improve service delivery; strengthen crime prevention capabilities; and, boost citizen and staff confidence in the agency. The University Police are currently in the review process for 2007 re-accreditation.

The University Police have 24 police officer positions. Our sworn officers patrol the campus on foot, on bikes, or by marked vehicle and are available 24-hours a day, seven days a week to respond to emergencies.

**Enforcement and Arrest Authority**

Police Officers for University Police are vested with the same peace officer powers of arrest and responsibilities as other police officers within the State of California. Their authority is granted through legislative action defined in the California Education and Penal Codes. Their primary jurisdiction covers all property owned and operated by the University, including adjacent public streets and property.

**Working Relationship with Other Law Enforcement Agencies**

In cases involving on-campus and off-campus jurisdictions, or when the resources of another agency can be used to facilitate the resolution of an investigation, the Department of Public Safety cooperates fully with federal, state and local law enforcement agencies. University Police maintain a close working relationship with law enforcement agencies in the surrounding community, including the police departments of Alhambra, Los Angeles, and Monterey Park, and the L.A. County Sheriff's Department.

## REPORTING CRIME OR EMERGENCIES

### **Reporting Crime or Emergencies on Campus**

The University encourages the accurate and prompt reporting of all crimes to the University Police and appropriate law enforcement agencies. Anyone who is the victim or witness to any crime or emergency situation, or who becomes aware of any problems with the campus environment, is encouraged to promptly report the incident to the University Police, who are available 24-hours a day, seven days a week.

  - On-campus extension: 3-3700

#### **Fire Emergency—after calling 9-1-1:**

- Sound any available fire alarms

### **Reporting Offenses to Other CSULA Offices/ Campus Security Authorities**

The University also encourages the reporting of crimes to any campus official such as the Office of Student Affairs staff, Health Center counselors, Housing Services directors, or any other campus administrator.

Reports may also be given to “campus security authorities,” University officials with significant responsibility for student and campus activities who receive reports of sexual assault. Campus security authorities include: the vice president for Student Affairs; Judicial Affairs officer; Equity and Diversity specialist; faculty advisors for student organizations; athletic directors and team coaches; Housing director(s) and resident assistants/resident directors; Associated Students, Inc., officers and representatives; Center for Student Development and Programs directors and coordinators; and, director and coordinators of the Cross Cultural Centers. These University personnel will assist students in notifying the appropriate law enforcement authorities upon request so an official police report may be taken.

#### **Voluntary, Confidential Reporting**

To report a crime on a confidential basis:

- Call the Victim/Witness Assistance line: (323) 343-3756

If you are the victim of a crime and do not want to pursue action with the criminal justice system or within the University system, you may still want to consider making a confidential report. With your permission, University Police can file a report on the details of the incident without revealing your identity. The information could assist University Police in taking steps to ensure the future safety of the victim and others by determining if a pattern of crime exists and to alert the campus community to potential danger, if appropriate. You may also give confidential reports to campus security authorities. Reports filed in this manner will also be included in the annual security report.

The ultimate goal of the crime prevention and personal safety programs is to make the University environment as safe and crime-free as possible by raising the level of awareness of individuals. This includes promoting a willingness to assume individual responsibility in reducing opportunities for crime to occur. Safety and security are both personal and shared responsibilities. We encourage you to familiarize yourself with the services we provide and take advantage of them to help make your educational and living experience at Cal State L.A. as enjoyable and crime-free as possible. Following is a sampling of some of the programs and services we provide.

### **Crime Prevention Programs**

Programs on personal safety, theft and other crime prevention are sponsored by various campus organizations throughout the year. University Police personnel facilitate programs for students, parents, faculty, new employees, student organizations, and community organizations. Also provided are quarterly programs for Housing Services' resident assistants and residents. In 2006, we provided over 830 hours of dedicated activity that included public contact with more than 4200 individuals.

**Tip:** To enhance personal safety, especially after an evening class, walk with friends or someone from class that you know well, or call for an Eagle Patrol escort.

### **Eagle Patrol**

A student-based program within the University Police, Eagle Patrol offers walking personal escort service and provides campus information to visitors, students, faculty and staff. Requests for personal escorts are taken 24 hours a day by the University Police. For more information on this great service, call (323) 343-3700.

**Tip:** Using this service, particularly when you are going to parking lots, can greatly improve your personal safety.

### **Emergency Preparedness**

Each school year Cal State L.A. conducts three wide-scale evacuation drills to enhance emergency preparedness on campus.

**Tip:** Visit our Public Safety web site for more information on emergency preparedness and view Cal State L.A.'s Multi-Hazard Plan.

[www.calstatela.edu/univ/police/emergency.htm](http://www.calstatela.edu/univ/police/emergency.htm)

### **Rape Aggression Defense System (R.A.D.) Program**

This personal empowerment and safety education program for women is offered several times throughout the year and consists of realistic self-defense tactics and techniques. It is a comprehensive course that begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. Certified RAD instructors teach the courses. In 2006, 41 women completed the 12-hour certificate program.

For more information, contact Jonathan Avalos at (323) 343-6290.

**Tip:** Be aware of yourself and your surroundings at all times in order to increase your reaction time and avoid a dangerous situation. Be especially mindful of your surroundings when walking and talking on a cellular phone—being distracted increases your chances of being selected as a target.

### **Commuter Services—Rideshare Program**

Extensive Rideshare Program information is available for students, staff, and faculty. Commuter Services can assist you in finding alternate, convenient, and less expensive methods of commuting to campus. We are open Monday through Thursday 8 a.m. to 5 p.m., and Friday 8 a.m. to 4 p.m. Contact Commuter Services at (323) 343-5277.

**Tip:** Why not change the way you commute? Don't pollute! By carpooling you save fuel and you don't have to travel the roadways alone.

### **Emergency Messages**

When messages are received that are considered critical in nature, Public Safety personnel will attempt to notify the involved parties. Requests for this service are limited to "extreme emergencies."

**Tip:** Always provide your family, spouse, or significant other with a copy of your class schedule to help locate you in the event of an emergency.

### **Fingerprinting**

Live Scan fingerprinting services are available Monday–Friday, from 10 a.m.–2 p.m. on a walk-in, first-come, first-served basis. Please call the Department of Public Safety at (323) 343-3700 for more details.

**Tip:** We provide a convenient location for campus community members pursuing a teaching credential, real estate license, or other certifications requiring Live Scan fingerprinting.

### **First Aid**

University Police officers are available seven days a week, 24 hours a day, to respond to any emergency health problem. For assistance with an emergency health problem, dial 9-1-1. You may also use the emergency phones located throughout the campus or call the University Police at (323) 343-3700 or on campus extension 3-3700.

**Tip:** Be sure to carry identification with you at all times in addition to wearing any medical alert bracelet you may require.

### **Operation Identification**

This program, also known as Operation ID, is an ongoing citizen's burglary prevention and property identification program for use in campus offices and housing. It involves the marking of property with an identifying number as a means of discouraging burglary and theft and to aid law enforcement agencies in recovery of lost or stolen property.

**Tip:** You may borrow an engraver, and instructions for its use, free of charge from the Public Safety department.

### **Parking & Transportation Service Center**

Students, faculty, and staff obtain parking permits and transit passes at the P&T Service Center, located at parking Lot 3. Once participants enroll in the Rideshare program, they may pick up their monthly MTA, Foothill, and Metrolink passes there as well. The Center is open Monday through Thursday 8 a.m. to 7 p.m., and Friday 8 a.m. to 5 p.m.

**Tip:** Save time by picking up your permit early! Permit sales begin during the 10th week of the quarter, with extended hours the first two weeks of the new quarter, including some Saturdays from 9 a.m. to 1 p.m.

### **Vehicle Assists**

The Parking Services office can assist employees and students with needs such as retrieving keys locked in vehicles, battery jump-starts and contacting emergency road services. Just call the Department of Public Safety at (323) 343-3700.

**Tip:** Always check to make sure you have turned off your vehicle's headlights when you arrive at your destination, especially after traveling in inclement weather.

Healthcare providers are required to release information under the following circumstances: upon diagnosis of certain communicable diseases which must be reported to the County of Los Angeles, Department of Health Services; when a legal subpoena has been issued; when injuries are the result of a criminal act; when there is serious danger of violence to others; when self-injury is likely unless protective measures are taken; when there is reason

to believe that abuse of minors or elderly persons has occurred; and when otherwise legally mandated.

## **Medical Services**

Primary care physicians, nurse practitioners, and physician assistants provide a wide variety of basic medical services to students. Students can receive screening, diagnostic, and treatment services for asthma, contraception, obesity, sexually transmitted infections, sports injuries, and other health conditions. ***Medical Services for Students with Alcohol and Other Drug Problems and Victims of Violence***

The Student Health Center provides students who have alcohol and other drug concerns or problems\* with medical services and resources. Additionally, the Student Health Center provides medical care and resources for victims of sexual assault and other types of violence.

All Student Health Center services are confidential. Services are available on an appointment or walk-in basis. For information, call (323) 343-3300. To schedule an appointment, contact the Student Health Center appointment coordinator at (323) 343-3302.

*\*Students who seek assistance voluntarily for alcohol and other drug-related problems are not subject to disciplinary action.<sup>1</sup>*

***Alcohol, other Drugs and Sexual Assault***

Alcohol is implicated in more than 90% of all nationally reported campus rapes. Alcohol and other drugs contribute to sexual assault and rape in a number of ways:

- Alcohol and other drugs can reduce inhibitions and cloud judgment.
- Some perpetrators drink alcoholic beverages to “justify” or “excuse” rape.
- Alcohol and other drugs can reduce the ability to recognize danger signals or to handle an assault.

Alcohol and drug abuse can be a factor contributing to incidents of sexually transmitted disease and psychological depression.

***Policies***

The Student Health Center reports details of violent crime incidents involving patients it treats to local law enforcement agencies, as required by California Penal Code 11160-11163.5.<sup>2</sup> This is not a formal police report and the police cannot take action until the victim makes a report of a sexual assault.<sup>3</sup> In addition, the Student Health Center reports statistical data regarding certain incidents to the Department of Public Safety, in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.<sup>4</sup> The counselors consistently encourage their clients to report crimes to the University Police on a voluntary basis to prevent future crimes. The counselors do not disclose information to the University Police without the consent of the client, unless there is an immediate threat to safety. Any reporting of statistics to comply with this act is done by reporting numbers and not names so the information provided by clients is confidential for inclusion in the annual security report.

***Options following an alleged on- or off-campus (campus-related activity) sexual assault or rape***

Cal State L.A. will provide survivors with information and services (as required by federal and state law) related to the following:

- University sexual assault policy.

## **Violence Against Women on Campus**

### ***Project SAFE***

Project SAFE is Cal State L.A.'s campus program to prevent violence against women. Project SAFE is a collaborative effort among Cal State L.A.'s Student Health Center, members of University Police, Cross Cultural Centers, Center for Student Development and Programs; and community partners, including the East Los Angeles Women's Center.

Project SAFE was originally supported by Grant No. 2002-WA-BX-0012 awarded by the Office on Violence Against Women, U.S. Department of Justice. Points of view in this document do not necessarily represent the official position or policies of the U.S. Department of Justice.

### ***Violence Against Women on Campus***

Nationally, college women are at high risk for becoming victims of violence. Dating/domestic violence, sexual assault, and stalking are serious problems on university campuses across the country.

- The highest rates of domestic violence are experienced by women ages 16 – 24.
- Between one-fourth and one-third of all lesbian, gay, bisexual, and transgender individuals experience domestic violence.
- Women with disabilities are at increased risk for sexual violence. Women with disabilities often experience abuse of longer duration compared to women without disabilities.
- Sexual assault is the second most common violent crime committed on college campuses.
- Half of off-campus assaults occur in the victim's residence, while an additional one-third take place in off-campus housing, such as fraternity houses.

- Most victims of campus sexual assault are full-time students; one-third are first-year students between 17 and 19 years of age.
- About one million women are stalked in the U.S. each year. More than half of these victims are between 18 and 29 years of age.
  - On some campuses, as many as 35% of female students have been stalked.
  - Most perpetrators are known to the victim.

### ***What is Dating/Domestic Violence?***

Dating/domestic violence is a crime. It is an act of violence committed by a date, boyfriend/ex-boyfriend, girlfriend/ex-girlfriend, roommate, fiancé, spouse, or family member. It may include verbal/emotional abuse—put-downs, public humiliation, manipulation, name calling; isolation—keeping you from seeing family or friends; threats and intimidation—threats of suicide, harming you or family members, threatening to take away your children; physical abuse—hitting, slapping, kicking; and sexual abuse—rape, sexual assault.

### ***What is Sexual Assault?***

Sexual assault is a crime that occurs when someone uses force, threats, coercion, alcohol or other drugs, or verbal pressure to kiss you, touch your private parts, fondle you, rub against you; put a finger or object in your genitals or anus; put their mouth or tongue in contact with your genitals or anus, or make you put your mouth or tongue in contact with their genitals or anus; or penetrate you sexually.

<b>Fact:</b>	Violence against women in any form is a crime, regardless of who committed the violent act. ***What is Stalking?***

Stalking is a crime. It includes someone repeatedly following you, watching you, phoning you, writing or e-mailing you, or communicating with you in other ways that seem obsessive or make you afraid or concerned for your safety. For example, it could be someone showing up where you are, even though this person has no business being there; leaving unwanted items for you to find; making unsolicited phone calls; following or spying on you; vandalizing your property; or making threats against family, friends, or pets.

***What You Can Do to Help Stop Violence Against Women***

- Recognize that no one deserves to be sexually assaulted, stalked, or victimized in any way.

- Don't commit any behavior that may be considered dating/domestic violence, sexual assault, stalking, or any other form of violence.
- Never use force, coercion, threats, alcohol or other drugs to engage in sexual activity.
- Take responsibility for your actions.
- Avoid alcohol and other drugs.
- Remember 'no' means NO! and 'stop' means STOP!
- Report incidents of violence to law enforcement and campus authorities.
- Discuss dating/domestic violence, sexual assault, and stalking with friends—speak out against violence and clear up misconceptions.
- Don't mistake submission for consent.

## **What You Can Do to Help Minimize Your Risk of Becoming a Victim**

- Be aware. Does your partner: threaten to hurt you or your children? Say it's your fault if he or she hits you, then promises it won't happen again (but it does)? Put you down in public? Force you to have sex when you don't want to? Follow you? Send you unwanted messages and gifts?
- Be assertive. Speak up.
- Stay sober and watch out for dates and/or anyone who tries to get you drunk or high.
- Clearly communicate limits to partners.
- Never leave a party with someone you don't know well.
- Trust your feelings. If it feels wrong, it probably is.
- Learn all you can and talk with your friends. Help them stay safe.
- Report incidents of violence to law enforcement and campus authorities.

## **What You Can Do if You are a Victim**

### Dating/Domestic Violence

- Let trusted friends and neighbors know of your situation, and develop a plan and visual signal for when you need help.
- During an assault, do what you can to stay away from the kitchen (the abuser can find weapons, such as knives) and rooms where you may become trapped. Try to reach a phone.
- If violence is unavoidable, make yourself a small target; dive into a corner and curl up into a ball with your face protected and arms around each side of your head, fingers entwined.

### In General

- Go to a safe place as soon as possible.
- Report the crime to University Police or local law enforcement.
- Call a domestic violence, sexual assault, or stalking hotline.
- Preserve evidence.
- Call a friend for help.
- Know that you are not at fault. You did not cause the abuse to occur, and you are not responsible for the violent behavior of someone else.
- Teach your children how to get to safety and call 9-1-1.
- Practice how to get out safely. Practice with your children.

### Sexual Assault

No one can tell you whether you should resist, fight back, or submit. Your best choice is what you believe will ensure your survival. Remain as calm as possible and keep assessing the situation as it happens. During an assault you might consider these actions:

- Negotiate or stall for time.
- Distract the assailant and escape to a safe place.
- Scream to attract attention.
- Use physical resistance.
- Submit—it's very important to know that *submission is not the same as giving consent*.

### **What to do after you have been sexually assaulted or raped on or off campus:**

- Go to a safe place and call the University Police or your local police department.
- Do not shower, bathe, douche, wash your mouth, or do anything else that might destroy evidence.
- Do not change or destroy clothing—if you feel you must change your clothes, place each item of clothing removed in a separate paper bag.
- Do not clean or straighten up your house or any other area, if it was the scene of the assault—do not touch areas that the rapist may have touched.
- Do not destroy or discard sheets and towels you may have used.
- Seek medical attention by going to a hospital emergency room for evidence collection, medical care, and information on screening for sexually transmitted infections and/or pregnancy.
- Call a rape treatment center hotline—counselors are available 24-hours a day to provide rape crisis counseling and information regarding your options.

## Stalking

- Tell friends, family and coworkers about your situation. Let them know not to give anyone information about your schedule.
- Vary your daily schedule as much as you can and change your travel routes.
- Get rides to school/work with friends or family.
- Save all e-mails, correspondence, voice messages, and gifts for evidence.
- Change your e-mail address, if necessary. Choose a gender-neutral name. Don't fill out online profiles.
- Keep a log of all stalking incidents.

## **Reporting Dating/Domestic Violence, Sexual Assault & Stalking**

Cal State L.A. students, faculty, and staff are *strongly* encouraged to report all campus-related incidents of dating/domestic violence, sexual assault, and stalking to University Police or local law enforcement and the Office for Equity and Diversity. Reporting these crimes can help do the following:

- Protect the victim's safety.
- Ensure the victim receives proper medical care, support services, and information regarding her/his rights.
- Stop the perpetrator from committing future assaults.

## **Perpetrator Sanctions**

Perpetrators of dating/domestic violence, sexual assault, stalking, and other forms of violence are subject to campus disciplinary action, up to and including expulsion. In addition, perpetrators are subject to arrest by University Police or local law enforcement authorities and criminal prosecution. Perpetrators may also face civil prosecution.

## **Victims' Rights**

Victims of campus-related assaults are entitled certain rights:

- The right to have any and all assaults against them treated with seriousness.
- The right, as victims, to be treated with dignity.
- The right to the full and prompt cooperation and assistance of campus personnel in notifying the proper authorities.
- The right to be free from any pressure from campus personnel not to report crimes against them or others to civil and criminal authorities or to campus officials; and to be free from pressure to report crimes as lesser offenses than the victims perceive them to be.
- The right to be free from any kind of suggestion that campus sexual assault victims refrain from reporting, or under-report, crimes because victims are somehow 'responsible' for the commission of crimes against them.

## **Campus Security**

### **Access to University Facilities**

In the interest of students, faculty, staff and visitors of Cal State L.A., campus facilities are continuously maintained and all necessary security provisions are provided. Many events held on campus are open to the public. Other facilities—such as the bookstore, library, and food court—are likewise open to the public. Access to academic and administrative facilities on campus is generally limited to students, employees, and visitors for the purpose of study, work, teaching, and other university business.

### **Building Security Checks**

The Eagle Patrol conducts building security checks during the evening hours. The campus buildings are secured starting at 10 p.m. Mondays through Thursdays, and 5 p.m. on Fridays and Saturdays. Buildings are closed on Sundays except where access authorization has been established.

### **Campus Watch Program (CWP)**

This campus-based, proactive policing program is provided by University Police to develop and enhance its public outreach efforts and to merge its police services with community programs to strengthen community partnerships. It emphasizes fire/life safety, security screening and review, and crime prevention. One or more buildings are assigned to the sergeants, who contact building coordinators twice a month and serve as that area's primary police contact. During 2006, University Police dedicated almost 600 hours of activity to the CWP, with public contact to more than 450 individuals.

### **Lighting and Emergency Telephone Surveys**

Surveys are conducted monthly by the Department of Public Safety to ensure that equipment is in working order. If equipment is found to be non-operational, a repair request is given to the responsible campus department. The University makes every effort to promote safety. Particular attention is paid to the design of landscaping, groundskeeping and exterior lighting. The Facilities Management Department and the Environmental Health and Safety Department also conduct regular safety inspections.

## **Daily Logs**

The Department of Public Safety maintains a daily log of all department activity. The log is available for viewing at the station upon request.

## **Preparation and Distribution of Annual Security Report**

### **Crime Statistics**

Statistics are compiled in accordance with the Uniform Crime Reporting System of the Department of Justice and the Federal Bureau of Investigation. Statistics for the annual security report are provided to the University Police from the Office of Student Affairs, Housing Services, Student Health Center, and neighboring law enforcement agencies. To comply with the Clery Act, we collect relevant crime statistics from local police agencies by providing to them the addresses of locations that are contiguous to, affiliated with, or adjacent to the property of Cal State L.A. Locations include any building or property that is either owned or controlled by an officially recognized student organization.

### **Clery Brochure Distribution**

The Clery brochure, "Partners in Public Safety," is prepared annually in a hard copy print version and an electronic PDF format. Following are the distribution methods for the annual security report:

- Print version of the report is available at the Department of Public Safety (DPS), including Student Affairs, Health Center, Student Housing, and Human Resources Management
- Email in the fall to all current students, faculty and staff
- Notice of report availability is included on faculty/staff pay stubs in the fall and on Cal State L.A. employment applications
- Electronic PDF report posted on DPS web site at: [www.calstatela.edu/univ/police/clery.htm](http://www.calstatela.edu/univ/police/clery.htm)

To request a copy of the annual security report, please call DPS at (323) 343-3700.

The Office of the Vice President for Student Affairs, in the Student Affairs building, Room 108, is a valuable resource for students. Here, students can obtain copies of important policy documents including the Statement of Student Rights and Responsibilities, Standards for Student Conduct, academic honesty policy and student grievance procedures. Copies of the policy documents referenced above can also be found in the online version of the University Catalog or on the Judicial Affairs Office web site at [www.calstatela.edu/univ/stuaffrs/jao/](http://www.calstatela.edu/univ/stuaffrs/jao/).

The Judicial Affairs Officer (JAO), also in SA 108, can assist students who have questions or wish to report student misconduct. The JAO is directly responsible for investigating all reports of violations of the Standards for Student Conduct (Article 1.1, Title V, of the California Code of Regulations, Section 41301) and administering disciplinary action as outlined in the CSU Executive Order 970-Student Conduct Procedures (E.O. 970). All violations of the standards—including rape, acquaintance rape, or other forcible or non-forcible sex offenses—are subject to sanctions, including but not limited to disciplinary probation, suspension, and expulsion from the University. Copies of these procedures are also available in the Office of the Vice President for Student Affairs and on the Judicial Affairs Office web site.

Many offenses listed in the CA Penal Code—such as rape, theft, and assault—should be reported to University Police to determine if the filing of a criminal complaint is warranted. However, the JAO can also investigate these offenses on an administrative level on behalf of the University community. In cases of alleged sexual assault, as well as for other violations of the Standards, the accuser and the accused are entitled to the same opportunities to have an advisor present during campus disciplinary proceedings and shall be informed of the outcome of the proceeding, including any penalty to be imposed. In cases involving a “crime of violence” the university may notify the alleged victim(s) of the final results of a hearing whether or not the charges are sustained (34 C.F.R. & 99.31 et seq.). When the charge relates to a sexual assault, the university must notify the alleged victim of the outcome of the proceeding against the student charged (20 U.S.C. & 1092). The information is only given to the victim(s) and includes only the name of the accused student, any violation alleged committed, and any sanction(s) imposed on that student (20 U.S. C. & 1232g).

For more information on any of these subjects, please feel free to visit the Office of the Vice President for Student Affairs in SA 108 or schedule an appointment by calling (323) 343-3100.

**T**hrough its programs, facilities, operations and conferencing, Housing Services is committed to maintaining a clean and safe residential community that supports the mission of the University. As a residential community, the Housing Complex is operational year-round, employing emergency and safety precautions similar to those of other residential communities. In an effort to be proactive in addressing emergency and safety concerns, Housing Services provides staffing (including office staff, two resident directors and sixteen resident assistants), and develops educational programs.

A resident assistant (R.A.) is on call after normal business hours to assist residents facing any emergency or safety situation. A member of the Housing Services Emergency Duty team provides back up as needed to R.A.s. The R.A. staff also develops safety programs in collaboration with the University Health Center and University Police to

provide information to residents about health and safety concerns. Furthermore, the Department of Public Safety's University Police and Eagle Patrol patrol the Housing Services Complex as part of their normal routine.

Residents are provided with copies of Housing Services policies and community guidelines. Violations of any policy or guideline can subject residents to disciplinary action. Policies on the possession of alcohol, dangerous weapons and drugs are in compliance with all state and federal regulations. In the event that a resident is involved in a sexual assault (alleged or proven) or experiences any other emergency, the Housing Services staff will provide assistance in relocating that student on a temporary or permanent basis, if so requested by the victim, and if such changes are reasonably available.

If you have any questions about Housing Services and campus living, please feel free to call the office at (323) 343-4800.

When circumstances warrant, a campus-wide “timely warning” or Crime Alert bulletin (as referred to at Cal State L.A.) shall be initiated by the Department of Public Safety to warn the University community of imminent or potential danger. The Crime Alert is distributed through various means, including physical postings of the bulletin throughout campus, on our web site ([www.calstatela.edu/univ/police/index.htm](http://www.calstatela.edu/univ/police/index.htm)), and via e-mail notification to the campus community should the situation require. The following is a sample of a Crime Alert bulletin.

**Summary:** On Tuesday, May 29, 2007, at approximately 10:53 p.m., a woman walking from the Phase I Community Center in the Student Housing Complex was reportedly assaulted as she approached the east side of the Housing Loop/Service Road (behind Phase II, Building 100). A male suspect approached her from behind and said in a low voice, “What up girl?” The suspect then secretly wrapped his arms around her from behind in a “bear hug” fashion and lifted her off the ground.

The victim resisted the assault, elbowing the suspect in the face and kicking him in the groin and thigh area. The suspect released his grip and the victim was able to get away safely. The victim did not see where the suspect fled. Did she receive any physical injuries in the incident?
