ANNOUNCEMENTS

Cal State LA partners with Los Angeles Regional Food Bank, L.A. County for community food distribution

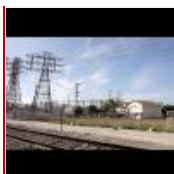

Organization: Cal State LA**Location:** Los Angeles, CA**Posted:** Jun 25, 2020[- View details](#)

Cal State LA teamed up with partners from the Los Angeles Regional Food Bank and Los Angeles County to offer drive-thru food distribution Thursday to provide basic needs to communities served by the university. About families each received 80 pounds of food and baby items, including diapers and wipes, during the June 25 event in State LA's Parking Lot 5. The distribution provided much-needed support for community residents impacted by the COVID-19 crisis. Demand for food assistance has gone up 70% across the Los Angeles region since the start of the pandemic, according to food bank officials. "This food distribution is an important initiative that enables us to continue serving our communities during a difficult period," said Cal State LA President William A. Covin. "We appreciate our collaboration with the Los Angeles Regional Food Bank and Los Angeles County."
