Future Policies/Items and Recommendations

- New Designated Course Number for Undergraduate Research – XXXX 4995. EPC approved this item in their February 7, 2024 meeting and a memo was sent to the Curriculum Subcommittee stating there were no objections. However, the policy proposal was not sent to Senate Exec and should be reintroduced to EPC in the Fall.
- Campus-wide conversations need to be held during the Fall 2024 semester on IHE, Area 5 labs, and civic learning units. Each of these requirements underwent changes due to modifications to the GE policies, and long term solutions need to be considered. While this is not necessarily the responsibility of EPC, it is important to make sure these conversations are started.
