1.0 Introduction

Executive order 1014 requires that campus departments that have essential university functions develop, update and review at least annually a business continuity plan. Cal State LA's system for these continuity plans is called Eagle Ready.

2.0 Accessing Eagle Ready and Logging In

In order to access Eagle Ready, an Administrator or Plan manager must add you to the system. You will then receive an email that you click on the link to set up your password. At this time the campus single sign on is not enabled for this but possibly will be in the future.

Don't have an account? Request access.	
Need more help? Contact Us.	

3.0 Roles

The system has the following three user roles:

- Plan Managers can add other plan mangers, editors and viewers along with editing the plan
- Plan Editors can edit and view the plan
- Plan Viewer can view but not edit the plan

4.0 Dashboard

Once you sign in, the home page is the Dashboard page where the plans that you have access to are listed. You can return to the Dashboard page by using the "back to dashboard" navigation at the top left of the pages.

5.0 Edit Plans

From the Dashboard screen, select the pencil icon next to "edit" link to the plan to open a plan to edit it.

7.0 Plan Details/Department Information

It is important to enter the Department name, department description, select the division that the department reports to, the head of the unit, and the department type. The department type will customize some of the entry screens. If only Administrative is checked, then the Instruction section isn't applicable. The rest of the fields on this page is optional information.

You must click the "Save" button at the upper right to save any input or changes before you navigate off the page to save any changes.

8.0 Contacts Section

The Contacts section has three pages, one for department contacts which should be filled out with the department leaders and lines of succession and delegation of emergency authorities. This page is for the department leadership, the Resources section is where the staff information goes. The save button on these pages is on the bottom of the page.

The pages for Key Institution Contact and Key External Contacts are optional. Use the Key External Contacts page for Key Vendor or supporting government agencies information.

9.0 Critical Functions Section

Critical functions are the functions that your department provide for the campus that need to be continued in the event of an emergency. The levels of criticality are:

Level 1 - Emergency response functions or high impact on health and safety (0-24 hours)

Level 2 - Moderate impact on health and safety or critical campus operations (1-3 days)

Level 3 - Critical campus operations that must resume in 4 to 21 days

Level 4 - Low impact, recovery in 3 weeks or longer (not needed to be included in plan)

To add a critical function click on "Add Critical Function"

10.0 Key Resources Section

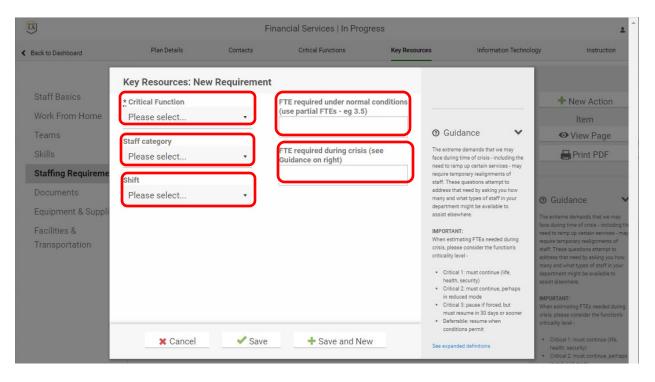

This section is for recording information regarding the department's staff and faculty. The critical need is to have a plan for contacting the department during an emergency.

Staff Basic information is related to having an emergency contact list for the department.

								O Guidance	~	,

Manage Plan Status

All plans begin with the status of In Progress. When the plan is complete, the person responsible for the plan should update the plan status to mark it Complete. Once it's marked Complete, a plan can be changed to In Review status any time it is being reviewed. When the plan is done being reviewed, the reviewer can change it to Current status. The most recent Plan Status is listed at the top of the Plan Navigation. The Update Plan Status screen keeps a record of each update. Updates can be deleted up to seven days after they were entered. After that the record becomes permanent.
