Welcome Letter

Welcome home golden eagles! Whether you are joining us as a first time resident or are one of our returning eagles, we are excited that you decided to call Cal State LA home. Being part of our residential community provides you with opportunities to explore diverse perspectives and connect with fellow students in meaningful ways beyond the classroom. Our on-campus living encourages autonomy and the development of interpersonal relationships, along with the convenience of residing on campus. We encourage you to share your experiences, embrace different perspectives with an open mind, and contribute to meaningful solutions.

Within your community, there are Resident Assistants (RA) and Residence Life Professional Staff. The RA is a student leader who has been trained in campus resources and can provide strategies to help you thrive within community expectations while serving as an excellent support system during your time as a resident. The Residence Life professional staff are an integral resource in providing crisis and emergency responses, supporting community issues as they arise and fostering learning within the community. The Residence Life team cares about your safety, wellbeing, and success and we are here for you!

Our team is committed to creating and nourishing a living community where you make lifelong friends, discover new interests and passions, and excel academically. We encourage you to get to know your Resident Advisor, get involved in the Residence Hall Association (RHA), and connect with a Residence Life Coordinator. Take initiative to attend a program/event, join someone for a meal in the dining hall, or workout in the housing gym while meeting new and returning residents. We have many opportunities for you to get involved, create lifelong friends, and have your experience in housing be an enjoyable and memorable one. Remember to reach out if you need support or offer a helping gesture to a peer when possible. Each of you are a part of this community and our community thrives on our collective efforts.

We are excited and are looking forward to seeing you soon!

Sincerely,

Elba Mandujano

Elba Mandujano

How to use this document

This handbook outlines services, expectations, and community standards for all Cal State LA Housing residents. It supports the 2025-2026 Student Housing License Agreement and includes important policies you agreed to when signing your contract.

This is your home for the next year. By signing your Student Housing License Agreement, you are indicating that you are an adult who is mature and capable of handling the opportunity and responsibilities of living in a shared community, addressing someone who is violating your rights, being accountable for your behavior and recognizing the compromises necessary when living with other people. In adult life, all rights have corresponding responsibilities. You are responsible for your actions within a community and how those actions affect others. Be responsible and considerate of your community. Behaviors that do not adhere to the policies outlined in this document may result in judicial action, eviction or paying restitution.

Before Move-In

- Read this guide and get familiar with your responsibilities.
- Bring it to your first floor meeting.

After Move-In

- Complete your Room Condition or Apartment Condition Report RCR/ACR within 72 hours of moving in.
 - Discuss community living expectations with your RA and roommates.
 - Complete your Roommate Agreement.
-

1. Check Your Cal State LA Email Often

We send important Housing updates, reminders, and newsletters to your university email. Don't miss out! Residents are responsible for regularly monitoring their university-issued email account and promptly reviewing all official communications. Failure to check and respond to email notifications does not exempt a resident from meeting deadlines, complying with policies, or fulfilling assigned responsibilities.

2. Your RA Is Your First Resource

Questions? Concerns? Need help navigating campus life? Reach out to your Resident Assistant, they're here to support you.

3. Use Your Meal Plan & Dining Dollars

Enjoy all-you-care-to-eat meals at Village Commons and grab snacks or drinks from the Village Market using your Dining Dollars. Don't forget to use them, they don't roll over!

4. Lockouts Happen, Be Prepared

You get one free lockout. After that, fees may apply. Always carry your key or One Card!

5. Respect the Community

Living here means shared spaces, shared responsibility. Keep your area clean, be mindful of noise, and follow housing policies.

Residence Life Coordinator (RLC)

RLCs are full-time, live-in professional staff who supervise Resident Assistants (RAs) and oversee student conduct, crisis response, and community programming. They also advise the Residence Hall Association (RHA) and manage [Special Interest Communities](#). If you're facing a challenge or need guidance, your RLC is a great resource.

More info: calstatela.edu/housing/special-interest-communities

Resident Assistant (RA)

RAs are student leaders who live in the community. They act as live-in peer advisors, responsible for group facilitation, policy enforcement, and engaging in community development by providing programs in their area. They are the day-to-day contact person for Licensees and are responsible for facilitating community building, resolving conflicts, and maintaining University and Housing policies. Your RA is your go-to person for questions about housing, resolving roommate conflicts, and finding campus resources.

Residence Hall Association (RHA)

2. Safety and Emergency Procedures

Your safety is our top priority. This commitment requires the cooperation and active participation of all members of our residential community. While no community is completely free from risk, Cal State LA Housing and Residence Life emphasizes the importance of shared responsibility in maintaining a secure environment. Many of our policies and procedures in the Housing Handbook are designed with student safety in mind. Adherence to these policies is another avenue wherein Licensees can take joint responsibility for their safety and security within Housing.

General Safety Expectations

- Follow all Housing policies and University emergency procedures.
- Report suspicious activity to the RA on Duty or Public Safety.
- Never prop open exterior doors or allow strangers into the building.
- Always Carry your One Card.

Emergency Support

Dedicated Safety Office

Community Safety officers regularly patrol the Housing complex and assist with emergency and policy response. Their office is located on the ground floor of South Village, Tower 2, next to the Community Kitchen.

Department of Public Safety: (323) 343-3700

Website: calstatela.edu/police

Eagle Patrol

Eagle Patrol provides 24/7 walking escorts across campus, including to and from Housing.

Call: (323) 343-3700 to request an escort.

Website: calstatela.edu/student-services/safety-campus

RA on Duty

If you need urgent help outside business hours, contact your community's RA on Duty. Phone numbers are listed in this document, on the website, in the License Agreement, and posted near entryways.

Emergency Notifications

Cal State LA uses a campus-wide text alert system for emergencies. We strongly encourage all Licensees to opt in through their GET account or the campus safety page.

Missing Student Notification

As part of your License Agreement, you will be asked for a missing person contact and telephone number in the event you are considered missing. This contact may be different from your other emergency contacts.

Students are advised that their contact information will be registered confidentially. This information will be accessible only to authorized campus officials and may not be disclosed except to law enforcement personnel in furtherance of a missing person investigation.

If a student is under 18 and not emancipated, the University must notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the individual.

If a Licensee is believed to be missing:

- **Contact Public Safety** immediately at (323) 343-3700.
- **Other reporting options:** Student Affairs (323) 343-3100 or the Housing Office at (323) 343-4800.

If after hours, call the RA on Duty. Any missing-student reports received by these offices are referred immediately to the Department of Public Safety.

Earthquake Preparedness

In the event of an earthquake, please remain in your apartment or bedroom and find a secure and sheltered space away from windows and glass. The proper procedure is to drop, cover and hold until the major event has subsided. Only then should you leave your building.

Based on the type of emergency, it may be necessary to evacuate buildings. Please follow instructions from Cal State LA or Housing and Residence Life staff. The campus uses a public address system that also provides information and instructions. This will provide you with additional direction based on the type of emergency.

Students must comply with the evacuation alarm and the directions of Housing and Residence Life staff. The Evacuation Site for the University Apartments and South Village, Licensees are encouraged move to the soccer field. A Housing and Residence Life or Cal State LA staff member will give you instructions after your arrival to the evacuation sites. Remain in these designated areas until you are accounted for and given permission to leave the area and re-enter your apartment or bedroom. (See also Section "[General Behavioral Responsibilities](#)").

Safety tips

A significant emergency will require the campus and community population to be self-sufficient for several days. The University strongly recommends that students assemble emergency kits for three to five days that include the following: water; food (peanut butter, granola bars, ready to eat fruits and vegetables); flashlight with batteries; necessary medication; jacket; shoes; paper products (toilet paper, feminine supplies); first-aid kit; trash bags; and personal hygiene products.

You should designate an emergency contact person with your family and friends.

Understand that communication and travel to and from campus may be dramatically affected.

In case of an emergency, the University has implemented a text notification system to send official emergency information directly to subscribers' cell phones.

For other emergencies, such as health, pandemic or environmental hazards, a Cal State LA staff will provide instructions on protocols.

We hope this information will help you prepare for a large-scale emergency. If you have specific training that would be helpful to staff during an emergency (firefighting, EMT, rescue, etc.) please identify yourself to the Housing and Residence Life staff.

Housing Evacuation Sites

The fire evacuation site for South Village is the soccer field. For University Apartments (Phase I and II), it is the soccer field. For those who are unable to access stairs, please let Housing staff know of your accommodation, and we will assist you on how to access the evacuation site. The evacuation location for GEA is on the grassy median on Mariondale, just South of GEA.

3. Accommodations for Students with Disabilities

Cal State LA Housing and Residence Life works in partnership with the Office for Students with Disabilities (OSD) to provide reasonable accommodations for Licensees with documented disabilities.

Housing Accommodations

Reasonable accommodation for students with disabilities may be made if space is available and if we can provide the accommodation needed. Students with documented disabilities must register with the Office for Students with Disabilities (OSD).

If you require a Housing accommodation, follow these steps:

1. Register with OSD:
 - **Phone:** 323-343-3140
 - **Website:** calstatela.edu/osd
2. Submit any required documentation to OSD by the deadline.
3. If approved, Housing and OSD will coordinate to meet your accommodation needs, based on availability.

Service and Assistance Animals

Licensees seeking approval to bring a **service animal** or **assistance animal** must complete the OSD approval process and coordinate with Housing before the animal arrives on campus. Please allow a minimum of two weeks for their office to review submitted documentation. Prior to approval, Housing and Residence Life will provide additional information and guidelines.

Service Animals

The American Disabilities Act (ADA) defines a “service animal” as “any guide dog, signal dog or other animal individually trained to do work or perform tasks for the benefit of an individual with a disability.” A service animal

is a working animal and not a pet. Submission of proof of training and/or certification that the animal is trained as a service animal, as defined by the ADA, is required.

Assistance Animals

An “assistance animal” is an animal that works, aids or performs tasks for the benefit of the person with a disability, or an animal that provides emotional support that alleviates one or more identified symptoms or effects of a person’s disability. Training or certification is not required. Vaccination records are required after the student meets with the Director and completes an Assistance Animal License Agreement.

Important: Do not bring an animal to campus before you receive written approval from Housing. Unauthorized animals are subject to conduct proceedings and fines.

For more information about the University wireless network access, please visit their website at: calstatela.edu/its/network/wireless

7. Dining Policies

To ensure residents' health and safety, the University asks that the following Dining Hall policies and procedures be followed.

No items are to be removed from dining, this includes, but is not limited to, plates, bowls, cups, silverware, salt and pepper shakers, or napkin holders. This policy also applies to condiments.

Meal Plan Use & Access

- All Licensees must have their Cal State LA ID card, with a clear, visible picture of the Licensee, present to be swiped by the dining hall checker to verify your meal plan in order to receive dining hall access. Licensees may be asked to remove mask/face covering for verification of Cal State LA ID card owner.
- Meal plans are non-transferable and may only be used by the Licensee assigned to the plan. Your Cal State LA ID card may be confiscated by the dining hall staff if found with another Licensee until the original owner comes to claim the card and you will be subject to the Housing conduct process.
- Licensees are to swipe or pay each time they are to enter the dining hall even if they are not going to eat.
- Licensees are allowed up to three (3) instances per semester to access the dining hall without their ID by completing the Dining Hall Authorization form. After the third occurrence, entry will only be granted with a valid Cal State LA ID or by purchasing a meal at the guest rate.

Attire: shoes, shirt and pants must be worn at all times inside the dining halls. All Licensees and guests must be dressed appropriately for a dining establishment.

Bottle Refill Policy

Students may enter the dining commons without swiping in to refill a water bottle only. Refills of soft drinks or other beverages without an active meal swipe are not permitted.

Behavior, Safety, and Sanitation

To ensure a safe and respectful dining experience for all, Licensees are expected to follow these guidelines:

- Treat dining staff and fellow students with courtesy and respect.
- Follow posted health and safety protocols, especially during high-alert health periods.
- Do not remove food, dishes, or utensils from the dining hall unless authorized.
- Keep personal items off tables during busy hours.
- Outside food, personal mugs, cups, and containers are not permitted in the dining hall for health and sanitation reasons.
- Use a clean plate for each trip to the food stations.
- Do not reach behind sneeze guards or serving areas.
- Always use the designated serving utensil to avoid cross-contamination as many Licensees have food allergies.

- Clear your own plates, cups, and utensils to the dish return station and properly sort waste into labeled trash and compost bins.
- All food must be consumed inside the dining hall. If you cannot dine in, please use the approved to-go program.
- Licensees using to-go containers may not eat inside the dining hall; containers are for meals to-go only.

The following behaviors are strictly prohibited:

- Vaping or smoking inside dining facilities or restrooms.
- Wearing roller skates or roller blades inside the dining commons, as this is a safety hazard and has caused past injuries.
- Disruptive or disrespectful behavior toward staff or other guests.
- The dining hall does not allow throwing of food, napkins and plates, etc. inside the dining hall.

Service Animals in Dining Areas

Service animals are welcome in dining spaces in accordance with ADA guidelines. However, for food safety and public health reasons:

- Service animals must remain on the floor at all times
- Animals may not sit on furniture or benches
- Animals must be kept away from food stations or serving areas

Failure to follow these expectations may result in documentation or removal from the dining hall.

There will be some transitional meal periods whereby the dining hall staff needs to transition from one meal period to another, therefore all menu selections will not be available. Menu items may be subject to change.

8.Policies

Communications with Residents

Email will serve as one of the primary and official forms of communication to Licensees. It will be sent to the student's university email account. A biweekly Residence Life Newsletter with important messages and reminders for Licensees is sent to their Cal State LA email address. If Licensees choose to use personal email accounts, please be aware that forwarding emails may result in filtering messages as spam. It is still the responsibility of the Licensee to check their Cal State LA emails for important messages.

Another way to keep up to date on the latest from Housing, follow us on our social media channels (see "[Contact Information](#)").

Room Change Requests

Licensees may request a room change during designated periods each semester. *Keep in mind, not all requests are guaranteed.*

- During the first week of the fall and spring semesters, the Housing Operations Coordinator will send an email out to see if Licensees would like to request to change rooms/apartments.
- Requests will be reviewed starting the fourth week.

- If approved, you will be given instructions and will be required to complete your move in 48-hours.

Important Notes About Room Change

Rooms are inspected when a Licensee moves out of a room (see below section). All personal items must be removed from your previous space. Remove trash and clean your room/apartment. Remember to submit work orders for anything that needs to be repaired or replaced. You may be responsible for some damages that may have occurred while you live there (normal wear and tear will be considered). Remember to leave room/apartment as it was when you moved in. Do not reconfigure the rooms and move furniture around.

If a room change is requested after this process for non-urgent requests, you may be charged an additional fee.

Inspections & Access

Licensees can expect reasonable privacy of rooms and personal property. The University has the right to enter the premises (Civil Code 1954) for the purposes of emergency, health, safety, maintenance, enforcement of applicable rules and regulations, or for any other lawful purpose to the extent permissible by law. The University shall exercise this right reasonably and with respect for Licensee's privacy and study needs. Health and Safety inspections are scheduled each semester.

Occupancy Checks

Occupancy checks are conducted to confirm that Licensees are assigned to the correct space and for safety checks.

- A. The University retains the right to transfer its interest and/or obligations under this Agreement. Licensee may not assign or transfer their rights or obligations under this Agreement without the written permission of the University. Licensee may not sub-license or sublet the Premises to, or permit the occupancy of the Premises by, any other person without the written permission of the University.
- B. **Occupying roommate space:** Rooms are designed to accommodate several Licensees, entitling each to a reasonable amount of space to store their personal belongings. Licensees in double- or triple-occupancy rooms are required to share a proportional section of the bedroom and for Licensees in apartments, a portion of the common area as well.
 - a. **If there is an empty space in a double- or triple-occupancy bedroom, this area must be kept clear and clean so that a new roommate can be assigned and moved in at any time.** Licensees assigned to double occupancy will be assessed the single-occupancy rate each day that they are in violation of this policy. Housing and Residence Life strives to create an atmosphere conducive to the development of responsible citizens in a community. Licensees are expected to respect and maintain the facilities and equipment rented to them, conduct themselves within acceptable and reasonable standards of good behavior, and take individual responsibility for their actions. Consideration for others is the basic principle that needs to be followed by all Licensees. - If pest control is required due to the result of cleanliness of the Licensee, those charges are the responsibility of the occupants.

If more aggressive housekeeping is required or if the timeline for cleanup has not been met by the occupant(s) of the room(s), Housing and Residence Life will rectify the adverse health conditions at the expense of the individual(s) responsible.

- Items may not be hung from the ceiling due to fire safety concerns and regulations (see “Fire Safety” section).

Understand that even if Licensees are using the recommended materials to avoid damages to their rooms. Using recommended materials does not by default absolve any Licensee from potential charges. Charges will be assessed for damages.

Licensees may not use extension cords unless they are UL-listed power strips with built-in surge protection. 14. Housing Conduct Process

The Office of Housing and Residence Life is committed to fostering a residential community where all individuals feel respected, valued, and empowered to learn from their experiences. We take an educational approach to student conduct by working with residents to reflect on their decisions, build accountability, and develop the skills necessary to thrive in a shared living environment. When a resident violates housing policies, Housing and Residence Life staff respond promptly to address the behavior in a manner that promotes personal growth and maintains community standards.

In addition to Cal State LA's Student Code of Conduct, there are Student Housing Community Standards & Policies that apply to students, guests, and visitors while they reside or are present in student housing facilities or surrounding areas. Student Housing is a year-round operation; therefore, these policies are in place throughout the calendar year. Finally, students are considered personally responsible for the behavior of their guests and visitors. The following outlines the rights, responsibilities, and procedures that guide how residents and staff address policy violations and foster a respectful and supportive residential community.

The following information describes the rights, responsibilities, and procedures of the Licensee and Housing staff in addressing inappropriate or concerning behavior and violations of Housing policies.

Housing Judicial Information

If a resident or their guest is alleged to have violated a housing policy, an incident report will be filed and forwarded to the Office of Housing and Residence Life. The resident will be notified via their Cal State LA email address about the nature of the alleged violation and provided details for a scheduled incident meeting. This meeting will be conducted by a designated hearing officer, which may include a Residence Life Coordinator, Assistant Director, or Associate Director of Residence Life. The purpose of this process is to ensure that concerns are addressed fairly, consistently, and in accordance with university policies.

Resident Responsibility

During the incident meeting, the student will be informed of the alleged violation and given the opportunity to share their perspective with the hearing officer. The hearing officer will review all available information and evidence before determining whether the student is responsible for the alleged violation. In the Housing conduct process, a student may be found responsible if the evidence indicates it is more likely than not—meaning a likelihood of 51 percent or greater—that the violation occurred. If a resident fails to appear, the housing conduct process will proceed without the benefit of their input and a decision (including potential sanctions) will be issued based on the available information.

Housing Conduct Process Steps

Step-by-Step Process

The following is a brief overview of the housing conduct process for violations of the Standards for Student Conduct and Housing Handbook.

STEP 1: Referral

A hearing officer receives a report documenting an alleged violation of the Standards for Student Conduct and/or this Housing Handbook and begins an investigation.

STEP 2: Notice

A hearing officer notifies the resident in writing through their @calstatela.edu email of the report. The letter will include specific information as to the alleged policy violation, date of the incident and appointment time or a deadline date to schedule the appointment.

STEP 3: Meeting

During the conduct meeting, the resident will have an opportunity to hear and respond to the allegation. If the resident admits to the policy violation, the hearing officer will issue a sanction. If a resident denies responsibility for an alleged policy violation, the hearing officer must decide based on the information and evidence available. If the resident is found to be responsible, the hearing officer will issue a sanction.

Possible Sanctions

Warning

Written warning places the student on specific notice of violating behavior and affords the student the opportunity to correct themselves. These letters only require that the student not repeat the violating behavior and that any repetition of the behavior will result in more severe disciplinary action.

Educational Sanctions

Designed to foster self-reflection, increase awareness of university policies and community expectations, and promote responsible decision-making. Such sanctions aim to help residents understand the impact of their actions on themselves, others, and the residential community, while equipping them with strategies to prevent future violations.

Restitution

Payment made to compensate for damages, loss, or harm caused by the student's action. Damages include personal or University property, or costs related to an injury. This may include appropriate services and/or monetary material replacement.

Fine

A fine requires the responsible student to pay a sum of money as a consequence for violating a rule or policy. The judicial officer shall determine the amount. Fines may be imposed separately or in addition to any other sanction(s).

Housing Disciplinary Probation

This is an official notice to the student that their behavior has reached a level that has jeopardized their privilege of living in Student Housing. This level of sanction should be taken seriously by the student as a time to reevaluate their willingness to abide by the community standards established in a student housing environment. Conditions of probation will usually be in conjunction with more severe sanctions and a referral to the Office of Student Conduct.

Referral to Office Student Rights, Responsibilities & Resolutions

Residents should be aware that concurrent judicial proceedings might occur for policy violations. Cases of a serious nature are referred to the Office of Student Rights, Responsibilities & Resolutions, who has the authority to hear the case involving any student violation that occurs on campus. This process can result in the suspension or permanent dismissal of the student from Housing and the University. Violations of city, country, state or federal laws may also result in civil proceedings or criminal charges.

Standard of Proof

Individuals are always innocent until proven otherwise; however, unlike a court of law, the standard of evidence is less stringent and is known as “a preponderance of the evidence.” In other words, imagine weighing the evidence on some imaginary scale, the housing hearing officer must be more than 50 percent sure that a policy violation occurred.

Appeal Process

Residents have the right to appeal a decision made during an incident meeting. Appeals must be submitted within three working days of the conduct meeting. All requests for housing conduct appeals are available through an appeals link included in the decision letter. Approval for an appeal hearing will be determined by the Associate Director of Residence Life or the designee and will be based on at least one of the following criteria:

1. Presentation of new or relevant information that was unavailable at the time of the original hearing
2. Procedural Error
3. Clear abuse of the discretion of the hearing officer or designee

15. Roommate Agreement

Housing provides the Roommate Agreement to ensure that the quality of living within a residence coincides with the expectations of the Licensees who live there. This document is designed to provide its users the opportunity to establish some guidelines related to the details of their living arrangements.

The Roommate Agreement provides a space for Licensees to establish expectations related to:

- Cleanliness and shared responsibilities
- Use of common spaces
- Guest policies
- Communication styles
- Privacy and personal boundaries

Creating Your Roommate Agreement

When completing your agreement, we encourage the following approach:

1. Find a time to meet. Be mindful of one another's schedule and set aside time to talk.
2. Use "I" statements. Express your thoughts in a constructive way (e.g., "I feel stressed when the trash isn't taken out.").
3. Make it collaborative. Everyone's input matters. Decisions should be made together.
4. Be specific. Outline clear expectations for how shared spaces will be used and maintained.
5. Contact your RA if needed. RAs can help facilitate conversations or mediate conflicts.
6. Update as needed. Revisit the agreement if your living situation changes or new concerns arise.

Your RA will collect the final copy of your agreement and may post a copy in your unit for easy reference. Review the agreements regularly, especially with new roommates.

Note: All agreements must comply with existing Housing policies. Please refer to the License Agreement and this Housing Handbook as you develop your agreement.

Cleaning Expectations & Shared Responsibilities

Many of the discussions you will be having are regarding topics for which Housing already has policies for. We encourage you to review the License Agreement and this Housing Handbook and confirm that your agreements comply with the Housing policies already in place.

Cleaning

Licensees are expected to support a healthy and safe community environment and will be held responsible for maintaining a clean apartment and/or bedroom. One of the most common roommate conflicts is over cleanliness and maintenance of the apartment and/or bedroom. Following a cleaning schedule will help avoid this issue.

General Expectations

- All Licensees are responsible for the upkeep of their assigned bedroom and shared common areas.
- Food waste and dirty dishes must be cleaned promptly to avoid pest issues.
- Cleaning should be done weekly (or more frequently, if needed).
- Licensees are responsible for supplying basic cleaning items (e.g., sponges, cleaners, broom, mop, vacuum).

Suggested Cleaning Topics to Discuss

The following list is an example of expectations Licensees may use in establishing their cleaning schedule. For health and safety reasons, most items should be done weekly, some daily. Anything that has food residue should be cleaned or removed daily to avoid pests.

Conditions to agree on

- Who will purchase shared cleaning supplies?
- How often will trash be taken out from the kitchen and bathroom?
- Are residents responsible for washing their own dishes?
- How long can dishes sit out before they must be cleaned?

Cleaning Guidelines by Space

South Village

- **Community Kitchen:** Dishes returned to your room after use; wipe any mess in oven or microwave; no trash on floors; counters wiped down and free from food items; no items left on the stove; no food items left out that can attract pests.
- b Floors vacuumed; trash emptied regularly; no food or dirty dishes left out.

16. Preventative Maintenance Tips for All Residents

Following these simple tips can help you avoid damage, reduce maintenance requests, and keep your space clean and functional. Whether you live in an apartment or South Village, please review and follow these guidelines carefully.

Apartments (Phase I, II, GEA)

Dishwasher (Phase II Only)

- Only use dishwasher detergent. Using regular dish soap will cause flooding and damage the appliance.
- Rinse food off dishes before placing them in the dishwasher. Large food particles can clog and damage the unit.
- Only place items marked “Dishwasher Safe” into the dishwasher. If unsure, wash the item by hand to avoid damage.

Garbage Disposal & Kitchen Sink

- Do not pour oil or grease down the drain. Cool it and dispose in a sealed container in the trash.
- Avoid placing large amounts of fruit/vegetable peelings, rice, pasta, bones, or any hard items in the disposal.
- Always run cold water while using the disposal.
- To reduce odors, you can pour a small amount of dish soap or thin lemon peels down the drain.
- If your sink or disposal is clogged, do not attempt to repair it yourself. Submit a Work Order.

Microwave

- Do not place metal objects or items with metal trim (e.g., foil, staples, metallic-lined containers) in the microwave.
- Do not run the microwave when empty.
- Clean the microwave regularly to prevent build-up.

Toilet

- Only flush toilet paper. All other items must be disposed of in the trash.
- If your toilet clogs, use a plunger. If overflow continues or the issue persists, notify Housing staff or the RA on Duty.
- If water flows in without being flushed (especially from above), alert upstairs neighbors and immediately contact Housing or the RA on Duty.

Heating and Air Conditioning

- For effective cooling/heating, keep doors and windows closed.
- Use “auto” mode on the thermostat instead of “on” to conserve energy.
- Agree with roommates on a shared temperature preference.
- Turn off the system and close blinds when no one is home to save energy.

South Village

Microwave Use (Community Kitchen Only)

- Microwaves are located in the Community Kitchen only; personal microwaves are not permitted in rooms.
- Do not place metal or metallic-trimmed items inside.
- Always clean the microwave after use to avoid buildup and odors.

Toilets

- Only flush toilet paper. Items like sanitary products, wipes, and trash must be discarded properly in bins.
- Use a plunger for minor clogs and notify staff if issues persist or if overflow occurs.
- If water appears without flushing, it may be a shared line issue, contact the RA on Duty immediately.
- Be mindful of others and clean up after yourself.

General Maintenance Tips

- Keep suite common areas clean to prevent pest issues.
- Dispose of trash in the designated chutes on your floor.
