### Inquiry Forms

#### Adding Prior Institutions to List and Inquiry Forms

Administrators can now allow students to add their prior high schools and colleges to an Inquiry Form if they add institutions to their Prior Institutions lists and select *Yes* from the *Option in Dropdown?* field.

The screenshot shows a form field titled "Option in Dropdown?" with an information icon (i) to its right. Below the title is a dropdown menu with "Yes" selected and a downward arrow on the right. At the bottom of the form, there are three buttons: "Save Institution" (a blue rectangular button), "Cancel" (a plain text button), and "Support" (a blue rounded button with a speech bubble icon).

There are also two new fields that can be added to an inquiry form: *Last High School* and *Last College*. These fields use the options from the *Option in Dropdown* list for students to add previous educational institutions to their inquiry forms.
