New Features & Enhancements

Accessibility

Accessibility Updates for Navigate360 Staff

As part of our accessibility updates to the Navigate360 platform, we have made accessibility improvements to the Student Profile, Staff Dashboard, Kiosk, My Saved Items, Campaigns and Events pages, Administration pages, Appointment Center, and other various features in the Navigate360 staff platform.

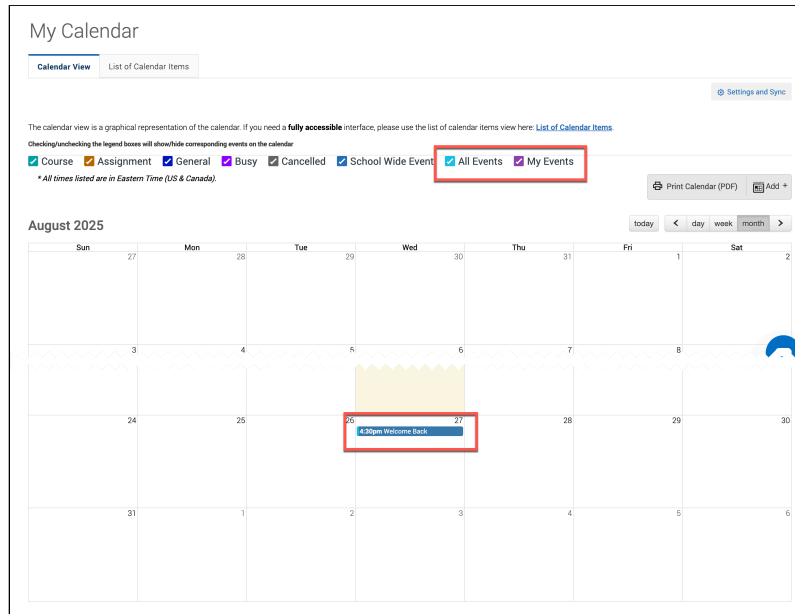

Events

Events on My Calendar

Important. Events will not appear on the **My Calendar** page along with other Event-related changes to the Navigate360 Student web app until after both the STA 25.18

and the STU 25.13 releases have gone to your production site. More extensive information about Events in Navigate360 Student are in the STU 25.13 notes.

As part of Navigate360's improvements to Events for the student platform, Events that do not require an invitation appear on staff calendars, as shown in the example below. This change applies to all partner sites.

If a staff user selects an event from the calendar and RSVP "no" on the Event Registration page, the event will be removed from their calendar view.

Event Invitation

EAB University

Welcome Back To Campus!

Join EAB U for a welcome back to campus event starting at 4:30 on August 27, 2025!

RSVP to Event

Thank you for your interest in this event! Please fill out the information below to RSVP.

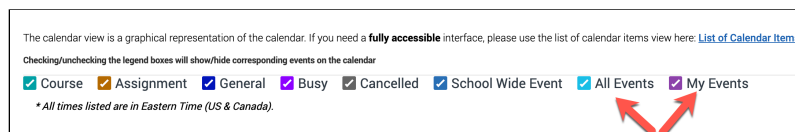

Will you attend this event?

☐ Yes

☐ No

[Confirm Attendance](#) [Cancel](#)

Additionally, staff can filter for Events by selecting the **All Events** checkbox on the My Calendar page. If the staff member is the Event organizer, they can display Events they created by checking the **My Events** checkbox.

Fixes

Various Fixes

- Fixed an issue where the merge tag for event hyperlink was not working.
- Fixed an issue where the URL is sending instead of the link with link text in event emails.

- Fixed an issue where saved reports with Custom Fields created before the STA 25.13 release were not working.
- Fixed an issue where when a student is added to an existing group appointment, the group appointment length changes.
- Fixed an issue where student accounts with other roles (e.g. tutor or other student employee) in Navigate360 were not showing the student home page.
