

Project FLAME

Family-Centered Language And Math in Early Intervention

Funding for Early Childhood Special Education and Visual Impairment Credential Programs California State University, Los Angeles

The program will integrate evidence-based, interdisciplinary training with a strong emphasis on family-centered practices that foster early literacy and math development.

To be eligible:

- Students must be enrolled in the ECSE or VI credential option
- Funded scholars will have a 2-year payback requirement for each year of funding received, working as an ECSE teacher or TVI
- Scholarship may impact Financial Aid calculation
- Scholars must be US citizen
- Recipients are required to fulfill additional grant obligations

Application for Project FLAME

https://calstatela.co1.qualtrics.com/jfe/form/SV_brvm6royxPHGuQS

Accepted students will receive:

- Stipend to Cover In-State Fees (\$5,000/semester)
- Funds for Professional Development
- Additional mentorship with mentors in the field

This training program is funded through the
Office of Special Education Programs (H325M250108)
