SEMINAR ENGR 4970

in interdisciplinary STEM research

August 18 - December 13, 2025

Date:

Thursdays of even weeks
3:05 - 4:20 pm

Room:

ASCB 132 /
E&T C-256

Grading:

Credit/No Credit

Overview:

This course is designed for students, faculty, and other stakeholders to present research findings in a seminar format

Course objective:

To provide a global perspective on the state of the art STEM research, and professional development, by promoting discussion of current topics in research and engineering from guest lectures and staff members

REFRESHMENTS FOR ATTENDEES WILL BE PROVIDED BEFORE EACH SEMINAR TALK.

FOR QUESTIONS, PLEASE CONTACT (323) 343 - 5399, M-F 8:00 AM - 5:00 PM
