ECST
At Cal State LA, College of Engineering, Computer Science, & Technology (ECST) we focus on applying in-depth analysis, experimentation, and design skills to solve contemporary problems.

RESEARCH
FOCUS AREAS
Energy and Sustainability, Materials Science and Mfg., Thermal and Fluid Systems, Aerodynamics, Robotics and Controls, Solid Mechanics, Biomedical Engineering.

FUNDING
Fellowships, research assistant positions, and other financial support available

RECOGNITION
Publish & present research with renowned faculty

ABOUT ECST
Cal State LA, College of ECST is a top-ranked engineering program, recognized as an affordable, quality education designed to fit the needs of working professionals.

Utilize sources of technical information and modern engineering tools or software to design a system, component, or process, conduct experiments, analyze and interpret data by thinking logically and sequentially.
