Christopher, look ... Things can't go on like this. I don't know about you, but this ... this just hurts too much. You have to learn to trust me ... And I don't care how long it takes ... if it's a minute one day and 2 minutes the next and 3 minutes the next and it takes years, I don't care. Because this is important. This is more important than anything else. Let's call it ... let's call it a project. A project we have to do together. And I ... I have to show you that you can trust me. And it will be difficult at first because ... because it's a difficult project. But it will get better, I promise. And ... I've got you a present. To show you that I really mean what I say. And to say sorry. And because ... well, you'll see what I mean.
