None.

8. **Old Business**

- a. Block F Courses – The committee reviewed GE Block F Courses. The committee m/s/p to approve the courses and send them to EPC ahead of the minutes. The committee approved the following comment to be included on the proposals:

”The proposer should consider a course modification in the future to provide more detail showing how this course meets the SLOs as well as a more extensive justification. The GES reviewers understand that the proposers had very little time to prepare and submit during this abbreviated cycle but future

proposals should offer more detail. If the course is proposed for online/hybrid delivery, it will need modification in future to align with the new university policy for online/hybrid courses”.

The committee will discuss ideas for GE workshops and when they would like to begin offering them at the next meeting.
