We want to meet with you! Summit Public Schools is a 6-12 Charter Network with Middle and High Schools in the San Francisco Bay Area, California, Seattle and Tacoma, Washington.

Why Summit? Because we support every child to lead a fulfilled life. Every day, Summit teachers are making a difference in the lives of students, connecting with colleagues, and growing as professionals.

Teaching at Summit Teachers are at the heart of every Summit classroom. Summit teachers play a variety of roles as they establish self-directed learning structures, support student progress, and build positive school culture. They are subject matter experts, mentors, and leaders. With 40 dedicated days of professional development built into the academic year, we equip teachers with the tools necessary to improve their practice and tackle challenging issues.
