LOS ANGELES TEAM MENTORING

ENGAGE. ENRICH. EMPOWER.

OUR MISSION & HISTORY

Our mission is to guide middle school students growing up in challenging urban environments to recognize and reach their full potential as members of our community. Through a school-based team approach to mentoring, young adolescents are given the tools and support necessary to make positive choices during a critical period in their lives.

Los Angeles Team Mentoring (LATM) was founded in response to the 1992 LA Riots. 28 years later, we continue to invest in historically underrepresented communities by providing meaningful mentoring relationships and opportunities in an environment of diversity and inclusion. **To date, LATM has transformed the lives of 28,000 students through 2.8 million hours of service by 9,000 caring mentors.**

OUR YOUTH

LATM serves at-risk middle schoolers (ages 11 - 14) from communities of concentrated poverty where youth development opportunities are limited. At this age, they are undergoing many changes - physical, cognitive, social and emotional - and are increasingly susceptible to the negative influences around them. Our reach extends to youth in foster care and households where no family member has a high school or college education.

OUR PROGRAMS

TeamWorks is a team-based mentoring program, connecting over 1,000 youth with 300 volunteer mentors each year. 2-3 adults (teacher, college student, and corporate professional) lead a group of 10-12 students through a progressive learning curriculum designed to support their changing social-emotional needs.

Leadership Camp is a college and career readiness intensive that helps youth develop a roadmap to higher education as they attain critical skills like goal setting and financial literacy.

Skills University is a career readiness program in which youth engage with a rigorous curriculum that includes drafting a cover letter and resume, interviewing, financial literacy, and mastering soft skills.

e-Works is LATM's new virtual mentoring program, giving youth access to a dynamic team of mentors in a safe and secure online environment,
