

ABSTRACT

A Thesis with a Long Title

Requiring Two Lines

By

John Q. Student

The abstract and GS-12 form need to be sent to the Associate Dean of the college at least one quarter before the thesis defense. The abstract accompanying the GS-12 does not actually need to be in the same, precisely specified, form as the abstract in the thesis, but why not make it the same.

The abstract should probably be 150 words or less. Avoid mathematical jargon and complicated formulas that cannot be understood by the Associate Dean.
