

ATI TEAS (TEST OF ESSENTIAL ACADEMIC SKILLS)

This test is a **mandatory requirement** for all applicants.

For information about testing at Cal State LA, contact the University Testing Center at Cal State LA at 323.343.3160 or email them at TestCtr@calstatela.edu

<https://www.calstatela.edu/smartstart/proctoring-services>

For information about testing at other locations, contact ATI at <https://www.atitesting.com/>. Testers are not restricted in taking the TEAS at Cal State LA only.

The Test of Essential Academic Skills (TEAS) is a scholastic aptitude test that is used as one component of the selection process for the admissions of students into the basic nursing program. The TEAS consist of four content areas with the equivalent educational level of courses taken in high school: Math, Reading, English, and Science. Applicants to the Cal State LA (Traditional) Program must complete the examination with a minimum passing National Percentile Rank in each of the four subtest areas (currently the minimum score is the 60th percentile.) The test may only be taken a maximum of two times a year, and there must be at least a three weeks' time period between test taking dates. The TEAS score is only valid for one year, from January 1, 2020 to January 8, 2021.

Note: All testers must create an ATI account prior to taking the TEAS. They can create an account at <https://www.atitesting.com/> by clicking on Create New Account and following the screen prompts. After a tester has registered on the site, the tester's personal test selection will display under Account Information, which are TEAS at your institution (on campus or online remote), TEAS at a PSI testing center, or TEAS at ATI (online remote.) At this screen, the user will have an opportunity to print the test ID number. Each user should print and retain this information and use it for identification on every test. This ID number will not change, the tester only needs to register once.

NOTE: Examination fees are non-refundable and are good for this application period only.

Applicant submission of the *INDIVIDUAL PERFORMANCE PROFILE into Nursing CAS.*

The Individual Performance Profile Report conveys the TEAS test scores. The scores reviewed are Reading Score, Math Score, Science Score, and English and Language Usage Score. **The individual scores in each category must be above 60th percentile, for the applicant's application to be considered.**

All subtest contains multiple-choice items with one correct answer. The applicant is directed to answer each item as accurately as possible within the allotted time. The reporting system for the TEAS includes a composite score for each of the four general areas. Sixteen sub-scores are generated within these categories to assess specific content mastery. Identifying areas of relative strength and weakness can help the student in preparing for nursing.

The Math subtest covers whole numbers, metric conversion, fraction and decimals, algebraic equations, percentages and ratio/proportion.

Reading covers paragraph comprehension, passage comprehension and inferences/conclusions.

English and Language Usage subtest measures knowledge of punctuation, grammar, sentence structure, contextual words and spelling.

The Science portion of exam covers science reasoning, science knowledge, biology, chemistry, anatomy, and physiology, basic physical principles, and general science.
