

Using Advanced Search in SSC Campus

SSC Campus provides an easy way to search for a population of students based on multiple criteria. You can quickly locate information that in the past may have taken a formal data request to the Registrar’s Office or a GET query.

To use the Advanced Search capability, select the “Show Advanced Filters” box in upper right corner to see additional search fields. The basic search expands to display the possible filter options.

This guide will provide information about Advanced Search filters that are customized for Cal State LA.

Category:

Category is one of the filters in the **Student Information** search criteria. Categories are custom search criteria based on information in the GET system that is specific to Cal State LA, such as students assigned to a particular Student Group. The plus (+) sign indicates that categories can be combined in a single search.

Adding a Category to your search criteria will refine your results to include only students who are in that Category.

Student Information First Name, Last Name, Student ID, **Category**, Tag, Gender, Race, Watch List

First Name [?] <input type="text"/>	Last Name [?] <input type="text"/>
Gender <input type="text" value="All"/>	Race <input type="text" value="All"/>
Category (In Any of these) [?] <input type="text" value="All"/> +	
Tag (In Any of these) [?] <input type="text" value="All"/> +	

The table below describes the values in the Category dropdown and the student population in GET to which it corresponds.

Category	Selection Criteria in GET
EE (Early Entrance Program)	Students in Early Entrants Student Group
EOP	Students in EOP New, EOP Returning & EOP Transfer Student Groups

Category	Selection Criteria in GET
Freshman Cohorts by Term	Students in First Time Freshman Cohort Student Groups identified by FRxx where xx identifies Fall term e.g., FR13 = Fall 2013 First Time Freshman Cohort
