

PANDEMIC DIARIES PACKET

Thank you for your interest in the Pandemic Diaries!

Organized by the University Library Special Collections and Archives, this project is designed to collect stories, narratives, and experiences of our campus community during a particularly tumultuous point in history in order to create historical records that may be used by future researchers to accurately assess how the COVID-19 pandemic affected Los Angeles communities. Cal State LA is home to a student population that is not only diverse in race and ethnicity but socioeconomic backgrounds. Historically, the communities this university serves are under-recorded and their experiences disregarded. The Pandemic Diaries Project works to rectify that.

This Project Packet includes:

- 1. Instructions for creating your Diary**
- 2. Questions to help guide your self-interview**
- 3. Transcript template**
- 4. Checklist of Submission Materials**
- 5. Deed of Gift – PLEASE SIGN**

Are you ready to submit your Pandemic Diary?

To submit your Pandemic Diary, review the Checklist of Submission Materials to be sure you have all the necessary components. Please also sign the Deed of Gift and submit it with your recording and transcript.
