Chair's Signature

Students complete a comprehensive 33 unit immersion in Anthropology through a series of seminars, lectures, labs, and skills requirements that culminate in the production of an original thesis, project, or successful completion of the comprehensive examinations. Students demonstrate competency by passing foundational core seminars, sub-field appropriate electives, and completing thesis or examination requirements that articulate with doctoral programs and employment in private and public sectors.

| CO-REQUEITES: 12-18  | units required for students who do not have   | a BA in Anthr                          | opology. ANT                                     | H 4970 is required.                          |
