General Information: [Education Code Section 89707](#) allows non-resident tuition fee waivers or tuition fee reductions to be granted to non-resident graduate students who are either domestic non-resident students or citizens of a foreign country. In both cases the graduate student (1) must provide evidence of: (a) demonstrable financial need; and (b) exceptional scholastic ability and prior scholastic achievement; and (2) must enroll in at least 10 semester units per term or be employed by the CSU for 20 hours or more a week, but less than full time. To maintain eligibility, the student must remain classified as an International or non-resident student.

Once awarded, students will receive tuition waiver units based on courses within their programs that have not yet been completed. Reimbursement will not exceed 10 units per semester and 20 units within an academic year. Note that a second, and third, year of support is conditional on satisfactory progress in the previous year and only upon the recommendation from the student's program of study.
