Commission on Teacher Credentialing

The Commission on Teacher Credentialing is the licensing agency who issues all education credentials and clearances in California. Once you are eligible, the Charter College will recommend you for your credential but CTC will issue the document.

Once a permit, clearance, or credential is issued it is public information that anyone can view.

Preliminary Credential

California has a two tier credential system. The program you have been admitted to is the preliminary credential program. Once you have completed the program requirements the preliminary credential is issued for a maximum of five years. A teacher must complete an induction process within five years of completing the preliminary credential. This process allows a teacher to earn a “Clear” credential.

Professional Clear Credential

Option 1: Complete an induction program sponsored by, or in partnership with, the employing district or county office of education.

Option 2: Complete an Induction program that is offered by a college or university.
