

CSU Pre-Doctoral Scholars Application

Deadline to the Office of Graduate Studies: **February 4, 2022**

The California Pre-Doctoral Scholars Program is designed to increase the diversity of the pool from which the California State University draws its faculty. It does so by supporting the doctoral aspirations of CSU students who have experienced economic and educational disadvantages. A special emphasis is placed on increasing the number of CSU students who enter graduate programs at one of the University of California campuses.

If you are interested in applying you must first [watch the recording](#) of the information session we had in December. Then, you'll work on your application and submit it by Friday, February 4th for feedback.
