4-Year Subtotal	120
------------------------	------------

Design and Production option students must fulfill four upper division department production participations. This requirement is met through Technical, Production, Design or Assistant Design work, Prop Master, Painter, directing, dramaturgical work, stage management or assisting on a department production or by special assignment approved by the faculty. These assignments are validated with registration in TA 3000 and the Management/Design Practicum TA 4490 or TA 4500. (These courses have been plugged into the road map above - they can be moved and taken at any time.)

Design and Production majors are required to attend the department portfolio review in the spring semester. Any student that does not attend will be ineligible for any production activity the following academic year.
