

# Pre-Podiatry

"A Doctor of Podiatric Medicine (DPM), known also as a podiatric physician surgeon, is qualified by their education and training to diagnose and treat conditions affecting the foot, ankle and related structures of the leg. When treating patients, this system is also known as the lower extremity. Podiatric physicians are uniquely qualified among medical professionals to treat the lower extremity based on their education, training and expertise. Podiatrists are defined as physicians by the federal government." -NAAHP Fact Sheet
