ADN-BSN COLLABORATIVE PROGRAM

Program Structure

How is the ADN-BSN Collaborative Program structured?

Students begin their BSN coursework at Cal State LA in the summer after their second or third ADN semester at the community college. After Summer 1 at Cal State LA, they return to the community college to complete their ADN program. After graduating from the community college, students complete Summer 2 at Cal State LA and then finish their final year of the BSN program at Cal State LA.
