

Partners in Improving Social Communication in Early Childhood Special Education (PISCES)

Mission: Support young children with disabilities with high intensive needs

Scholarship Opportunity for students in the MA
in Special Education, Option in Early Childhood Special Education
AND
MS in Counseling, Option in Applied Behavior Analysis

Scholarships covering fees and books

Students must be admitted to the M.A. in Special Education, option in Early Childhood Special Education OR the M.S. in Counseling, option in Applied Behavior Analysis by Fall 2021 semester.

Support is provided for in-state tuition for the 2021/22 and 2022/23 school years.

Students will complete interdisciplinary and collaborative competencies throughout their program, and graduate with a certificate in Autism Spectrum Disorders in addition to their respective Master's degrees.

Note that it will affect Financial Aid calculation, and scholars have a two-year payback requirement for each year of support, working with young children with disabilities.
